No. 583. Read the following letter from His Excellency the Governor of the French Settlements in India, to His Excellency the Right Honorable the Governor of the Presidency of Fort Saint George, dated Pondicherry, 30th July 1866, No. 9:—

1. In the month of March last, Mr. McIvor, Superintendent of the Plantations of the English Government at Ootacamund, had the goodness to send me a small packet of the seeds of the Chinchona Calisaya, which I distributed between Algeria and Reunion. I have received intimation of the arrival of the seed from the Governor General of Algeria, who has applied to me for a fresh supply of a greater variety of Chinchona seeds, especially of the Calisaya and Lancifolia species, for use in comparative experiments to be made in Algeria, in view to the naturalization of this valuable plant.

2. I shall be very thankful to your Excellency, if you will be so good as to furnish me with a fresh supply of seed.
