No. 603. Read the following Proceedings of the Madras Government in the
Public Works Department :—

Passing orders on letter from Controller
Public Works Accounts on the subject of the
reductions to be made in the allotments under
each head of service in the Budget of the
current year. } (Here enter 18th August 1866, No. 2,601.)

No. 604. ORDER THEREON, 22nd August 1866, No. 2,188.

Miscellaneous.

Communicated to the Board of Revenue.

(True Extract.)

(Signed) J. GROSE,

Under Secretary to Government.

To the Board of Revenue, with Proceedings Public Works Department, No. 2,601.

Ed. S. T. Augustin.

*Proceedings of the Madras Government, Public Works Department,
18th August 1866.*

No. 1 Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 7th August 1866, No. 1,295:—

1 Statement.
1 Circular.

1. In reply to G. O. No. 2,135, dated the 6th July 1866, paragraph 2, I have the honor to forward herewith a

Statement showing in detail for every District in each Division of Public Works the reductions to be made in the allotments under each head of service in the Budget of the current year. I have added to this the allotments for every District from the Reserve or Minor Works grant up to the end of July 1866, of which there is a balance of Rupees 21,131 unappropriated on that date.

2. Though in paragraphs 3 and 4 of the Resolution of the Government of India, communicated in the above G. O., it is intimated that the restriction on works is not to be more than one-tenth of the original grant, and that on establishments one-twelfth of the allotment for the year, it will be seen from the Statement appended to the G. O. that only in the case of Military works and repairs generally has the

* Civil Buildings.
Agricultural.
Communications.
Miscellaneous Public Improvement.

limit one-tenth reduction been adopted. The grant for original works, under the four* other Budget heads, is reduced by nearly 12 per cent., which is owing to

the total allotment for both works and establishments being reduced by 10 per cent., while that for establishments is reduced by only one-twelfth of the original grant.

		RS.	
Original grant		26,04,434	
Deduct 10 per cent.		2,60,444	
		23,43,990	
Reduced sum as in G. O.		23,14,190	
	Difference...	29,800	
<i>Original grant for works.</i>			
Establishments		17,87,494	
Deduct one-twelfth		1,48,958	
		16,38,536	
Reduced by one-tenth		16,08,745	
	Difference...	29,791	

3. Thus the total original grant for works Rupees 26,04,434 reduced by 10 per cent. would leave Rs. 23,43,990, but only Rupees 23,14,190 are allowed, the difference Rupees 28,900 is owing to the sum short-reduced under establishments for which only one-twelfth is ordered to be deducted. This excess reduction from original works will not only further diminish the grant for the year, but will render the carrying out of the reduction from each work very tedious, for the proportionate sum to be diminished from each is a fraction less than 12 per cent. I have therefore provided in the Statement now forwarded a deduction of 10 per cent. under all heads by which the grant for establishments will be Rupees 16,08,745, instead of Rupees 16,38,536 allowed by the Government of India.

4. Though 10 per cent. is thus reduced in the total grant for each Budget head of service, I do not think the reduction for all the Budget works and those authorized from the Minor Work grant can be strictly carried out to this limit, several of the grants in the Budget are for works in progress, and the grants in some cases may be for the completion of such works and which might have taken place already,

*Proceedings of the Madras Government, Public Works Department,
18th August 1866.*

or be very near it. It would be very undesirable in such cases to deduct 10 per cent. from the grant for them, and so it will be in the cases of grants made from the Reserve for incomplete works. The Budget lists rendered to the Government Office by Superintending Engineers will perhaps show the particular works from which reductions can well be made, or these may be left to Superintending Engineers to arrange in communication with the Range Officers and Agents who could be empowered to make such reduction from the works authorized during the year as will be possible, taking care that the total reduced grant for each District is not exceeded.

5. It will be seen from the accompanying Circular of the Accountant General, Public Works Department, (No. 26 of 1866, this day received) that it is not required to show in the Monthly and Annual Appropriation Returns for the current year the reduced grants as now fixed, the original Budget grants being entered without reference to the present limitation, and care being taken not to permit the outlay to exceed the diminished grant, and it is not likely that the outlay will at all exceed the grant, if consideration be had to the unexpended balances which remained in the past three years.

6. The estimate of Public Works Revenue, called for in paragraph 3 of the G. O. under acknowledgment, will be forwarded in communication with the Accountant General, Madras.

*Proceedings of the Madras Government, Public Works Department,
18th August 1866.*

Statement showing the reduction to be made from each Budget head of service for 1866-67, under G. O. 6th July 1866, No. 2,135.
