*Proceedings of the Madras Government, Revenue Department,
23rd August 1866.*

No. 609. Read the following Proceedings of the Board of Revenue, dated 18th August 1866.

Read the following:—

No. 151.

Special Season Report for the fortnight ending on the 31st July 1866, for the District of Trichinopoly.

1. There were showers in various parts of the District, and the tanks have received a moderate supply of water.

2. There has been a gradual falling of the freshes in the Cauvery and the Coleroon since the transmission of the last Season Report. The Weyacondam and the other irrigating channels are, however, well supplied with water.

3. In the irrigated or Neerambam parts of the District, the Mauricar and Sembah paddies are being sown, while in the unirrigated the fields are just being ploughed and sown.

4. Crops will suffer unless more rain falls, and that soon. The Valam paddy is being harvested in some of the villages.

5. In the Cudarambam villages, people and cattle suffer much for want of food and water. The Neerambam villages are comparatively in a better condition. The prices continue high, and the poor are in consequence driven to the necessity of subsisting on roots and wild vegetables. There are very few cases of death from cholera.

6. The Indigo and Cotton crops are in the same state as reported on the last occasion.

(Signed) C. N. POCHIN,
Acting Collector.

MARUNGAPURY,
15th August 1866.

1. Submitted for the information of Government.

2. The report is a fortnightly one, and is for the fortnight ending 31st July. It is dated 15th August, and is simply useless for the purpose had in view in calling for these special reports.

3. The Acting Collector is much to blame for this neglect.

No. 610. ORDER THEREON, 23rd August 1866, No. 2,191.

Land Revenue.

Ordered to be recorded.
