*Proceedings of the Madras Government, Revenue Department,
24th August 1866.*

No. 661. Read the following Proceedings of the Board of Revenue, dated 13th August 1866, No. 5,635.

Read the following letter from the Collector of Salem, to the Acting Secretary to the Board of Revenue, dated 21st July 1866, No. 131 :—

With reference to the Board's Proceedings, dated 16th April last, No. 2,636, I have the honor to forward copy of a letter from the Sub-Collector, regarding the grant of new land in lieu of Inám land taken up for the road from Palcode to Morapur Station.

From the Sub-Collector of Salem, to the Collector of Salem, dated Oosoor, 10th July 1866, No. 315.

1. In reply to your letter, No. 277, dated 27th April 1866, giving cover to the Order of Government, No. 850, dated 13th idem, I have the honor to inform you that the remaining portion of the Inám therein referred to, as having been traversed by the road, is not unfit for cultivation. The Inám is a narrow bit running from west to east in the same direction as the road, and measuring Acres 5-9-10, of which Acre 1-18-0 (bearing an assessment of Rupee 0-13-9) have been taken up for the road. The road passing through the middle of the land, and the land not being broad, the remaining portion consists of two long and narrow pieces, one on each side of the road, and consequently causes inconvenience to the cultivator, though the nature of the soil remains unaffected. Having regard to this inconvenience, as well as to the further inconvenience likely to be occasioned to the Inámdar in case of the deficiency being made up to him in another village, as there is no remaining land in the same village, I proposed that the whole Inám should be given him in one place. I would still suggest that the land referred to in your letter to the Board, No. 33, dated 7th March 1866, be given him incorporating with Government lands the remaining portion of the former Inám, which it is expected will still be taken up for cultivation by adjoining Ryots.

2. If the Government are not pleased to accede to this proposal, I would beg to point out that an Inám of the value of Rupee 0-13-9, being the assessment of the land taken up for the road, will have to be given to the Inámdar, and in such case I recommend that Punjah land, Division No. 292 of Thottarahalli, measuring Acres 2-39-2, bearing an assessment of Rupee 1-2-3, may be given, making the difference 0-46-6, payable by the Inámdar as Jodigi.

1. Submitted for the information of Government, with reference to Government Order, dated 13th April 1866, No. 850.

2. The Government will perceive that the road occupies only Acre 1-18-0 out of the Acres 5-9-10, for which an exchange is proposed, but that the road passing through the middle of the Inám renders its cultivation difficult and inconvenient to the Inámdar. There is no land in the same village from which any grant can be made.

3. Under these circumstances, the Board request sanction for the Collector's original proposition.

No. 662. ORDER THEREON, 24th August 1866, No. 2,217.

Miscellaneous.

1. The Collector's original proposition is sanctioned.
2. The advantage of redeeming the petty balance of assessment should be pointed out to the Poojari.

(True Extract.)

(Signed) J. D. SIM,

Secretary to Government.

To the Board of Revenue.

Exd. S. T. Augustin.
