Proceedings of the Madras Government, Revenue Department,
28th August 1866.

No. 730. Read the following Proceedings of the Board of Revenue, dated 20th August 1866, No. 5,900.

Read the following Proceedings of the Madras Government, dated 25th June 1866, No. 1,551, Revenue Department :—

ABSTRACT.—Forwarding to Board, for issue of necessary instructions, letter from Superintending Engineer, Fifth Division, submitting list of Local Funds proposed by Collector of Salem to be undertaken by Public Works Department, and requesting to order transfer of necessary funds to that Department.

1. In the foregoing Proceedings, Government desire that instructions may be issued for the transfer, to the credit of the Public Works Department, of the funds sanctioned for the several works entered in the list which accompanied the Government Order. The Board observe that, with the exception of the three works noted in the margin, all others are entered in the sanctioned Budget for the current year for execution by the Revenue Department

cording to the Collector's proposal, but as the Collector now seems to desire to ve them executed by the Officers of the Public Works Department, the Accountant neral will be requested to place at the disposal of the Public Works Department e cost of these works, amounting to Rupees 12,104.

2. As regards the three works above referred to, which were not included in e current year's Budget, but which have been already sanctioned in the Proceedgs of Government, dated 17th April 1866, No. 881, and 28th March 1866, o. 769, the Board observe that provision was made for them in the Budget of 865-66 for execution by the Revenue Department; but as the Collector now proposes to incur the expenditure through the Public Works Department, the Board resolve to request the Accountant General to place the sum of Rupees 19,560 also at the disposal of the Public Works Department. This sum will be an addition to the expenditure already proposed in the Budget for 1866-67; and although the Board believe, from the returns before them, that there are ample funds to meet the extra charge, the Collector should have, in the first instance, explained to the Board how the additional charge could be met. He is now requested to supply the omission.
