No. 824. Read the following letter from the Acting Collector of Madras, to the Chief Secretary to Government, Fort Saint George, dated Saidapet, 28th August 1866, No. 166:—

1. I have the honor, with reference to your Memorandum dated the 25th ultimo, to submit a report for the past week.

2. Since I last addressed you, the condition of the District has improved. Rain has fallen everywhere, and agricultural operations are universally going on. The rain was especially heavy in the Southern Talooks. In the north of the District the downpour was not so great. But in the north less pressure has been experienced throughout the season than in the south. There has been less cholera there, and prices have been somewhat lower.

3. Prices are stationary as yet. The markets are sufficiently supplied.

4. The public health is improving. Cholera has almost disappeared. With a change in the weather the disposition to disease of the population has abated, and fever and small-pox, of which complaints were made, are now not reported as existing.

5. Pasture has revived.

No. 825. ORDER THEREON, 30th August 1866, No. 2,291.
