*Proceedings of the Madras Government, Public Works Department,
24th August 1866.*

No. 558. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 10th August 1866, No. 35:—

1. With reference to paragraph 43 of G. O. No. 405, dated 1st February last, I have the honor to forward two Estimates for the maintenance of the following Salt Roads in the Kistna District:—

• Road from Inkole to Chinna Ganjam	Rupees 720
Road from Aurgolla, Goodevada to Buntoomilly	„ 1,440

2. The first of these works was constructed from Local Funds under an estimate of Rupees 11,630, sanctioned by the late Chief Engineer, Department Public Works, on the 19th July 1861, and the second partly from Local and partly from Imperial Funds, under the estimate of Rupees 23,980, originally sanctioned by the Collector of the District, for the completion of which Rupees 1,038 have been granted from the current year's "Reserve" in G. O. No. 1,919, dated 20th June last.

3. Annual maintenance grants are absolutely necessary to keep these roads in a thorough working order throughout the year, to facilitate the access of the salt traffic to the Cotaurs of Chinna Ganjam and Buntoomilly. The traffic of the former, as taken prior to the construction of the road, is given in the specification report of the estimate, no returns having been kept subsequently, and a statement of traffic for the latter is enclosed.

4. The sums provided for in the current year's Budget for the roads in question are Rupees 800 and 1,600 respectively, of which Rupees 80 and 160 are proposed to be set aside for the purpose of "Petty Establishment," agreeably to paragraph 41 of G. O., No. 405, above quoted. The estimates now submitted, therefore, amount only to Rupees 720 and 1,440, for which I solicit the early sanction of Government, in order that the works may be proceeded with to meet the current season's requirements.

No. 559. ORDER THEREON, 24th August 1866, No. 2,689.

CIVIL WORKS, No. 79.

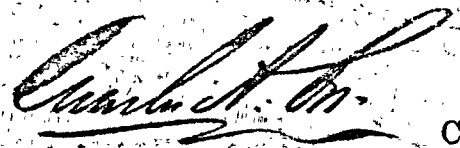

1. As the two roads referred to in this letter have, in the one case, been wholly and in the other chiefly constructed from Local Funds, the charge for their annual maintenance should ordinarily be met from that source, but as they are required for the benefit of the Salt traffic the Government approve of their being kept in repair from Imperial Funds, and they accordingly sanction the estimates which have been submitted by the Superintending Engineer, provision for both roads having been made in the current year's Budget.

1 Annual maintenance of road from Inkole to Chinna Ganjam	Rs. 720
2 Do. do. from Aurgolla, Goodevada to Buntoomilly	„ 1,440

*Proceedings of the Madras Government, Public Works Department,
24th August 1866.*

2. The Government further, in anticipation of the approval of the Government of India, sanction the transfer of funds from the head of "Repairs" to that of "Petty Establishments," recommended in paragraph 4.
