Proceedings of the Madras Government, Public Works Department,
27th August 1866.

No. 572. Read the following Proceedings of the Madras Government in the Revenue Department, dated 16th August 1866, No. 2,107.

Read the following Proceedings of the Board of Revenue, dated 13th August 1866.

Read the following letter from the Collector of Bellary, to the Secretary to the Board of Revenue, dated Bellary, 7th August 1866, No. 164:—

With reference to the Proceedings of the Board of Revenue, dated 3rd instant, No.——, the list of works which were recommended as per my letter of 23rd ultimo, having been necessarily, hastily compiled, before the opinions of all the Range Officers had been received, and exceeding the amount for which I requested sanction, I have the honor to submit an amended list, which I have prepared after fuller deliberation and consultation with the Superintending Engineer. It amounts, as will be seen, to a sum slightly within the amount sanctioned. The works have been put in hand without delay, as I have just received intelligence of the abandonment of 2,237 houses by their inhabitants in search of the means of subsistence. Work being provided for and distributed in every Talook will tend to prevent the movement of bodies of people, which only aggravates and complicates matters elsewhere.

t of sums proposed to be expended on different works in the Bellary District for giving employment to the poor, in the vicinity of their own houses, as laid down in G. O. No. 503, dated 25th July 1866, in the Revenue Department.
