Proceedings of the Madras Government, Public Works Department,
27th August 1866.

No. 574. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 14th August 1866, No. 1,382 :—

In continuation of my letter, No. 1,192, of 2nd instant, I have the honor to inform you that estimates for repairs of Agricultural works are being constantly called for by the Collector of Cuddapah, and are being submitted by Range Officers; but, as the allotment for the current year is already appropriated, I am unable to sanction them for execution. I beg to know if any further allotment for Repairs of Agricultural works can be allotted, and if I may sanction in anticipation of funds being available hereafter.

No. 575. ORDER THEREON, 27th August 1866, No. 2,696.

ACCOUNT, No. 49.

* Rupees 32,500.

As none of the Superintending Engineers have yet surrendered any portion of their Repair allotments, the Government are unable to increase the current* year's assignment for repairs of Agricultural works in the Cuddapah District, and the Superintending Engineer of the 3rd Division must therefore restrict his expenditure under that head to the authorized allotment, unless he can divert a portion of the funds provided for the repair of other classes of works, in which case the Government will be prepared to sanction the necessary transfers on being furnished with the requisite Statements.
