Proceedings of the Madras Government, Revenue Department, 4th September 1866.

No. 57. Read the following Proceedings of the Board of Revenue, dated 22nd August 1866, No. 5,083:

Read the following letter from the Collector of Cuddapah, to the Secretary to the Board of Revenue, dated 31st July 1866, No. 119: —

1. With reference to the Board's Proceedings of the 30th May 1865, No. 2,823, I have the honor to submit a Statement affording the information called for by the Board in paragraph 1 of the Proceedings.

2. In the Abstract Statement, which was submitted with my letter of the 4th May 1865, No. 54, it was shewn that the total amount of compensation proposed to be disbursed to the owners of Inám lands, which were taken up for the canal, was Rupees 1,384-6-0; but this is nominal, as shewn by the Deputy Collector, Rayappa Pantulu, in his Statement. The actual amount of compensation, which is required to be disbursed to the owners of the lands (enfranchised), is only Rupees 12-5-0, because other lands are not available in the villages to be given in exchange; and I trust that the Board of Revenue will obtain the sanction of Government for the said amount, and also for the transfer of other lands, and the deduction of assessment of other lands from the Jody payable by the Inámdars, as shewn in the Statement.

3. Applications have not as yet been received from the owners of Inám lands taken for the canal, as specified in the margin, either for other lands in lieu, or for money compensation; and I shall submit the Statement when they appear, and specify claims for the same.
