30th August 1866.

No. 657. Read the following letter from the Collector of North Arcot, to the Secretary to Government, Public Works Department, dated Trivellum, 18th August 1866, No. 36 :—

I have the honor, with reference to paragraph 3 of the Order of Government, dated 6th instant, No. 2,475, to report that immediately on the receipt of Mr. Hayes' report on the sanitary condition of the Chuttrum near the Tripetty Railway Station, the village in which the Chuttrum is situated was immediately declared a Town within the meaning of the Police Act, and the Superintendent of Police requested to give instructions to the local Constabulary to prosecute criminally all persons found infringing its provision. This intermediate step taken, all papers were forwarded to the Deputy Magistrate of the Zemindary tracts, within whose jurisdiction this station lies, with instructions to report, on personal inspection, the state of the sanitary arrangements in and around the Chuttrum, and to submit a proposition for placing the new settlement under the rules for villages and settlements springing up around Railway Stations. This report has not yet been received, but the Deputy Magistrate has been requested to expedite its despatch Appacootty Pillay was at the same time warned that he must take order with l premises, and divest himself of any idea that because he had done a liberal thing i providing for the erection of a Choultry, he was thereby exonerated from al responsibility in respect to the cleanliness and good order of the premises.
