Read the following letter from the Collector of Madura, to the Acting Secretary to the Board of Revenue, dated Madura, 15th November 1865, No. 310:—

1. In returning the nine enclosures received with the Board's Proceedings bearing date the 4th instant, No. 7,079, I have the honor to report that no separate sanction is necessary for the execution of the salt works, inasmuch as the necessary works are entered in the Budget Statement submitted by me to the Board for entry in the Budget of 1866-67, which includes all the works referred to in the Proceedings under reply, with the exception of those relating to Sholiagudi and Manargudi Divisions, and to hedging salt beds.

2. The sheds are intended for the accommodation of merchants and are undoubtedly necessary, as they are much inconvenienced for want of shelter either from rain or sun—*Vide* paragraph 2 of the Order of Government, approving of the Board's recommendation in paragraph 4 of their Proceedings, conveyed in Standing Circular No. CXXXIX. of 1863.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 4th November 1865.

Read the following Proceedings of the Madras Government, dated 3rd October 1865, No. 2,385,
Revenue Department :—

ABSTRACT.—Forwarding, for Board's opinion, a letter from the Superintending Engineer, Eighth Division, submitting, for sanction, estimates for construction of certain salt works in the Madura District.

1. Before replying to the Government Order, the Board resolve to apply to the Collector of Madura for further information as to the necessity of the *sheds* estimated for.
2. It is also not clear what is meant by the word "*Kotaur*;" if it means the gate-way where the business is transacted, the proposed work appears desirable.
3. The *hedging* having been hitherto done by the Ryots, the Board do not understand why it should now be done by Government.
4. As Sholagoody and Managoody are to be discontinued, the estimates for these stations are unnecessary.
