Proceedings of the Madras Government, Revenue Department,
***2nd October* 1868.**

No. 47. Read the following Proceedings of the Board of Revenue, dated 18th September 1868, No. 6,658 :—

Read the following letter from the Collector of Madura, to the Acting Secretary to the Board of Revenue, dated Peracolam Talook, 20th August 1868, No. 225 :—

1. With reference to the Board's Proceedings, dated 10th instant, No. 5,791, I have the honor to report that the seeds of the Pinus Maritima were sown on the upper Pulney Hills about a year ago.

2. The seeds germinated very freely, and I estimated roughly that there were from 8,000 to 10,000 growing plants.

3. Some of the plants have been destroyed by cattle, and some have died apparently from drought ; but there is still a large number left. The growth has hitherto been very slow ; but till another year has passed, it would be premature to give a decided opinion regarding the experiment.

---

1. Submitted for the information of Government.
2. The Collector will report again at the close of another year.

No. 48. ORDER THEREON, 2nd October 1868, No. 2,539.

Miscellaneous. Ordered to be recorded.
