Proceedings of the Madras Government, Revenue Department,
3rd October 1868.

No. 63. Read the following Proceedings of the Board of Revenue, dated 27th August 1868, No. 6,151 :—

1. In paragraph 28 of their Proceedings, dated 20th December 1867, No. 3,033, Government observed that a sum of Rupees 2,50,000 should suffice for the requirements of the year 1868-69, on account of Petty Construction and Repairs, and desired the Board to furnish a List shewing how they propose to distribute the amount among the several districts. The Board accordingly now resolve to submit to Government a revised list of works, prepared after communication with the Collectors.

2. In this list works commenced in 1867-68, and in previous years, which remain still unfinished, as well as those which are of an emergent nature, and the completion of which within the current official year is most desirable, are entered.

3. It will be seen from the list that the several works have been distributed under the four distinct heads of Land Revenue, Customs, Salt, and Miscellaneous, to correspond with the entries in the accounts of the Accountant General. Under the first of these heads are entered the cost of Neeranikum Establishments of certain districts, and the provision necessary for repairs to Revenue Buildings, which are properly chargeable to that head. Erection and repairs of Pandals also are included under Land Revenue, with reference to the Order of Government, dated 26th May 1868, No. 1,460.

4. The cost of permanent Watching Stations for the use of Customs and Frontier Establishments in the Godavery District, which the Government desired to be provided for under Petty Construction and Repairs, in their Proceedings dated 20th December 1867, as well as certain repairs, &c., to Sayer Cutcherries in South Arcot, are entered under the head of Customs.

5. The several works entered under the third head appertain to the Salt Department, and under Miscellaneous a sum of Rupees 200 is provided for South Canara on account of repairs to District Tappal Huts. The following abstract exhibits the cost of works proposed for the current year under the several heads, and amount to Rupees 2,50,000, inclusive of the sum of Rupees 5,000 reserved to meet any emergent necessities. The Board request the early sanction of Government to the accompanying re-distribution :—

(Signed) F. BRANDT,
Acting Sub-Secretary.

Proceedings of the Madras Government, Revenue Department, 3rd October 1868.

No. 64. ORDER THEREON, 3rd October 1868, No. 2,547.

Miscellaneous.

1. The Board of Revenue have not adhered to the sanctioned Budget grants for 1868-69 in revising the list of works of Petty Construction and Repairs submitted with their Proceedings above recorded. The differences are shewn in the subjoined table:—

Heads.	Budget grant.	Amount as per list now submitted.
	RS.	RS.
Land Revenue	3,000	10,238
Customs	4,200	5,640
Salt	2,42,800	2,28,922
Miscellaneous	.....	200
Reserve	.....	5,000
Total...	2,50,000	2,50,000

"Petty Construction and Repair" is only a minor head in the Budget, and the transfers from one major head to another, involved in the revision made by the Board, would render an application to the Government of India necessary.

2. As nearly half the year to which the list under notice applies has now expired, and it is not likely that the entire grant under each head will be spent, the Government resolve to strike out the additional sums entered under "Land Revenue" and "Customs," and with these modifications to approve the list submitted by the Board. The Government will be prepared to sanction any supplemental list of salt works which the Board may propose, to utilize the balance of the grant as shewn in the margin.

	RS.	RS.

2908/68

To Rev. 3rd Oct. 1868. No. 2547

Rev. Department

P. 2547.

Proceedings of the Madras Government

Under date the 3d ~~September~~ Oct. 1868.

Read the following

Pro. of the Board of Revenue.

Submitting to Government revised list of Petty Construction and Repairs for 1868/69. (H.C. 27th August/68 No. 6151)

The Board of Revs have not adhered to the sanctioned Budget grants for 1868/69 in revising the list of works of Petty construction and repairs submitted with their Pro: above recorded. The differences are shown in the subjoined table.

Heads	Budget grant	Amounts as per list now submitted
Land Revenue	3,000	10,238
Customs	4,200	5,640
Salt	2,42,800	2,28,922
Miscellaneous	"	200
Reserve	"	5,000
Total	2,50,000	2,50,000

Petty

"Petty construction and repair" is only a minor head in the Budget, and the transfers from one major head to another involved in the revision made by the Board would render an application to the Govt of India necessary.

But this list should have been submitted earlier in the year, and now that nearly half the year has now expired, and it is not likely that the entire grant under each head will be spent, the Government ~~therefore~~ resolve to strike out the additional sums entered under "Land Revenue" and "Customs" and ~~and~~ with these modifications to approve the list submitted by the Board. The Govt will be prepared to sanction any supplemental list of salt works which the Board may propose to utilize the balance of the grant, as shown in the margin.

Entire grant – Rs. 2,50,000

Allotment now approved.

Land Revenue.	Rs.	3,000
Customs ——	"	4,200
Salt ——	"	228922
		236122
Balance		13878
