Read the following:—

Statement shewing the state of the Season in the District of Nellore up to 15th September 1866.

Rain-fall.	State of the crops and the cultivation operations.	Prices, whether high or low, rising, falling, or stationary.	Further remarks.
Inches. Gudur... ... 0-10 Rapoor ... 0-30 Nellore ... 0-46 Udayagiri... 0-15 Kandukur... 0-75 Ongole ... 0-57	Wet and dry cultivation is being carried on generally all over the District. The wet crops under river channels and anicut irrigation promise well. Those dependent on rain-fed tanks are reported to be withering for want of water. The scarcity of rain, however, is greatly felt throughout the District.	Prices are on the rise. From some parts of the District rice has been exported to Madras.	Public health is generally reported to be bad. Cholera prevails in several parts of the District. Cattle are suffering for want of sufficient water and pasturage.
