*Proceedings of the Madras Government, Revenue Department,
8th October 1866.*

No. 173. Read the following Proceedings of the Board of Revenue, dated 18th September 1866, No. 6,677.

Read the following letter from the Collector of Madura, to the Secretary to the Board of Revenue, dated 29th August 1866, No. 231:—

1. I have the honor to bring to the notice of the Board that the platform at Morecolum is not large enough to contain all the salt being manufactured at that place, where the manufacture has been increased owing to the closing of the abolished pans.

2. I have been obliged, as room was urgently required, to direct the Salt Deputy to purchase for 70 Rupees a piece of ground adjoining the salt platform, and request the Board will sanction the sum from the item of 3,000 Rupees allotted in the Revenue Budget for 1866-67, for conveying and storing salt, on which there is a saving.

3. I was obliged to give the above order, as there was positively no place available on which to store the salt now being scraped up, and I could not stop the manufacture, for as it is, we should scarcely be able to make all the salt that we want this year.

4. As the above piece of ground will have to be considerably raised to bring it to a level with the platform, I request the Board will enter in the Budget Estimate for 1867-68, submitted by me under date the 21st August, No. 273, the following item:—
