*Proceedings of the Madras Government, Revenue Department, 9th October* 1866.

No. 203. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 21st September 1866, No. 1,893:—

With reference to G. O. No. 2,275, dated 30th August 1866, communicated with G. O. No. 2,811, dated 4th September 1866, Public Works Department, I have the honor to observe, that in sanctioning the further sum of Rupees 7,400 for expenditure on the road from Ellore to Hyderabad, no provision has been made for the charge of ten per cent. on account of the Public Works Establishment. Several sanctions have been accorded by the Board of Revenue in which the charge on account of the Public Works Establishment has also been omitted; I therefore request you will be good enough to inform me whether the new system of charge, which has been already alluded to in paragraph 6 of my letter No. 1,390, dated 21st August 1866, to the Accountant General, Madras, and copy of which was furnished to Government with my No. 1,420, dated 24th August 1866, has met with the approval of Government, and is to be in force from 1st May 1866, or whether the charge on account of the Public Works Establishment is to be adjusted in the same manner as for the year 1865-66. If the former, additional grants will have to be made in every instance a new work or repair is authorized for this year.

1. Referred to the Revenue Department, with reference to the Orders in that Department, dated 30th August 1866, No. 2,275.

2. The undersigned is of opinion that under the Orders of the Government of India, printed with the Proceedings of this Department, No. 1,943, dated 21st June 1866, an addition of ten per cent. should be made to every fresh grant sanctioned from Local Funds from May last for the assistance rendered by the Imperial Public Works Establishment, corresponding deductions being ordered to be made from the grants for works.

*Secretary to Government, P. W. D.*
