1st February 1866.

No. 10. Read the following Proceedings of the Board of Revenue, dated 23rd January 1866, No. 535.

Read the following letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated Point Calimere, 9th January 1866, No. 6:—

1. At Mr. Cadell's recommendation, the rates of Kudivarum for salt manufactured in the Northern Divisions of this District were raised* for the year 1864, as shewn in the margin, and upon the recommendation being repeated, these increased rates were sanctioned† also for 1865. In the case of Negapatam, however, in consequence of the difficulties experienced in turning out salt of good quality, which were brought by me to the notice of the Board, the rate of Kudivarum was subsequently modified, and three different reduced rates varying, as specified in the margin, with reference to quality, were substituted for the increased rate of Rupees 15.

2. The increased rates of Kudivarum allowed, as detailed above, during the past two years, having been sanctioned for those years only, the former lower rate of Rupees 10-10-0 per Garce, or Anna 1-5 per Indian Maund, has now to be reverted to in the Divisions above mentioned, except Negapatam. As, however, the reasons urged by Mr. Cadell for the increase asked for still exist, and as it is of the utmost importance that our stock of salt should be increased to the fullest extent possible, I beg to recommend a continuance of the rate of Rupees 11-14-0 per Garce for the two Divisions of Neidavassel, Chendrapady, and Tranquebar, upon the condition, however, that they will be liable to future revision when such may be found necessary.

3. As the Board are aware, the wages of labor have of late risen enormously, and shew no tendency to recede. I trust, therefore, that the Board will be pleased to support the recommendation which I now make.

Submitted for the sanction of Government.
