*Proceedings of the Madras Government, Revenue Department,
10th October 1866.*

No. 258. Read the following Proceedings of the Board of Revenue, dated 8th August 1866, No. 5,474.

Read the following letter from the Collector of Madura, to the Acting Secretary to the Board of Revenue, dated 3rd July 1866, No. 205 :—

1. Referring to the Proceedings of the Board, dated the 8th ultimo, No. 3,255, I have the honor to report that Rupees 60 is insufficient. A servant to keep the Chuttrum clean, to take care of the building, and to light the place, and who should, therefore, always be present, cannot be procured for less pay than five Rupees per mensem, which alone amounts to 60 Rupees per annum.

2. The Chuttrum is a large building constructed by Government according to the approved plan, so as to afford accommodation to all castes. It consists of three divisions, sub-divided into five partitions. Each partition requires a light; & this of a measure of oil is estimated by the Tahsildar as absolutely necessary per diem, which comes to Measures 114-1-0 per annum. The present value of lamp-oil is high. It sells at Rupee one a measure, and there is no doubt it will rise still higher in this year; it has made a sudden advance from Annas seven to Rupee one.

3. The Chuttrum is situated on the road leading to the town of Streevilliputtoor, the site of a Pagoda of great celebrity in the Tinnevely District; also the station of a Tahsildar and District Moonsiff and the head-quarters of a Deputy Collector, I believe. There is no Choultry between Kalpatty and Streevilliputtoor, distant from each other about twenty-eight miles. I therefore beg the Board will strongly recommend the grant of an Inám of Rupees 200 for the above expenses, and for making petty repairs; or the restoration of the village of Kilangolam, the proceeds of which village was an Inám forming the endowment of the former Choultry, and only resumed because its income was not then sufficient to pay to Government the quit-rent fixed on it. The village proceeds now yield sufficient to pay the quit-rent, and to leave a surplus, which would be sufficient for the above expenses.

1. Submitted to Government, with reference to Government Order, No. 1,006, dated 27th April 1866.

2. Under the circumstances stated by the Collector, the Board recommend that the endowment of land be increased so as to yield an income of Rupees 200 per annum.

No. 259. ORDER THEREON, 10th October 1866, No. 2,743.

Miscellaneous.

Under the circumstances stated, the Governor in Council considers that the best and simplest course is to replace the village of Kilangolam on its original footing, and to credit the Endowment Fund of the District with its annual surplus proceeds, which will then be available, under the Board's instructions, for the support of the Kalpatty and other Chuttrums of the District. This arrangement will supersede that sanctioned in G. O. 27th April last, No. 1,006.
