Dated 12 — 10 — 1866.

Not to be folded or roughly handled

REVENUE DEPARTMENT.
FORT SAINT GEORGE,
12*th October* 1866.

No. 2,772.

No. 321.

To

HIS EXCELLENCY THE GOVERNOR GENERAL OF THE NETHERLANDS INDIA,
BATAVIA.

YOUR EXCELLENCY,

Miscellaneous.

1. With reference to your Excellency's letter, dated 25th August 1866, No. 223, I have much pleasure in enclosing two packets containing a further supply of 12,000 seeds of Chinchona Succirubra and Chinchona Officinalis. An abundant harvest of fine seed of these species is expected in June next, when any number required by your Excellency will be available.

2. I have also to state, with reference to paragraph 6 of your Excellency's letter under reply, that we do not require seeds of the Calisaya, as we have a large supply of both seeds and plants of this species.

3. Seeds of the Chinchona Lancifolia would be very acceptable. Plants of this species, of which we have only a limited number, have not yet produced seeds here, and as I learn that they have seeded in Java, I trust your Excellency will be able to favor us with a good supply of seeds of this valuable species.

I have the honor, &c.,

(Signed) NAPIER.

Exd. S. T. Augustin.
