Proceedings of the Madras Government, Revenue Department, 3rd November 1866.

No. 48. Read the following Proceedings of the Board of Revenue, dated 20th October 1866, No. 7,565:—

Read the following letter from the Collector of Coimbatore, to the Secretary to the Board of Revenue, dated 29th September 1866, No. 259.

1. In accordance with the order of the Board, communicated with their Proceedings of the 22nd September 1866, No. 6,815, received to-day, I have the honor to inform you, that the walls of the new Cutcherry at Coimbatore have been completed; a portion of the wood-work for the roof has also been put up, and two rooms have been roofed in, but they will probably have to be unroofed, as the Contractor seems to have executed the work in a very defective manner.

2. The execution of the Treasury and well has been stopped. I inspected the building yesterday, and feel satisfied that it is unsuited for the purpose of a Cutcherry, especially with regard to the space required by the Tahsildar when he has parties before him in Revenue and Magisterial cases.

3. With reference to paragraph 5 of the Board's remarks to Government, I beg to inform you that the Coimbatore Cutcherry is the first building of the kind I have seen. I have corresponded with the Board regarding the arrangement of the rooms for the confinement of prisoners, but I did not think, until I saw the building, that it was so deficient in space.

---

1. Submitted for the information of Government, with reference to Government Order dated 6th September 1866, No. 2,378, Revenue Department.

2. It occurs to the Board, that at a Kusbah station where there is a regular Jail, the space provided in the Talook Cutcherry for a Subsidiary Jail might be made available for general purposes, as the short-sentenced prisoners can, without any hardship, be sent to the District Jail.

No. 49. ORDER THEREON, 3rd November 1866, No. 2,975.

Miscellaneous.

1. Paragraph 2 of the Board's Proceedings will be referred for consideration in the Judicial Department.

2. The Collector should consult the Superintending Engineer as to the practicability and expense of improving the Cutcherry.

3. The information called for in paragraph 4 of G. O. 6th September last, No. 2,378, should be submitted as soon as possible.
