Proceedings of the Madras Government, Public Works Department, 29th October 1866.

No. 646. Read the following Proceedings of the Board of Revenue, dated 13th October 1866, No. 7,395:—

Read the following letter from the Acting Collector of Trichinopoly, to the Secretary to the Board of Revenue, dated 25th September 1866, No. 197.

1. Adverting to my letter, No. 196, of the 22nd instant, I have the honor to transmit, herewith, copy of a letter I have, this day, addressed to the Superintending Engineer, 6th Division, on the same subject.

2. I beg to observe that while Captain Oakes promised action only, points to an allotment, and the execution of the works towards the close of the official years 1867-68, it is of vital interest to every one concerned that the work should be commenced in three months.

From the Acting Collector of Trichinopoly, to the Superintending Engineer, 6th Division, Tanjore, dated 25th September 1866, No. 191.

1. I have the honor to transmit copy of a letter I have addressed to the Secretary to the Board of Revenue, urging immediate action in the matter of improving the Wyacondan channel. Almost immediately after its despatch, I received Proceedings of Government, Public Works Department, dated 5th instant, giving cover to your letter to Government, dated 25th ultimo, No. 591, from paragraph 2 of which I observe that you are shortly about to re-submit, with a report, an estimate for the improvement of the channel, making provision in the Budget of 1867-68, for the sum required.

2. Adverting to the 5th paragraph *of the same* letter, I must maintain that the work of clearing the lowering end of the Wyacondan channel, can be commenced in the end of December.

3. I shall forward a copy of this letter to the Board of Revenue.

Submitted to Government, in continuation of Board's Proceedings dated 26th September 1866, No. 6,931.
