No. 90. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 15th October 1866, No. 2174.

I have just received from Mr. Bowers a report upon the Zemindary School of Juggampettah, in the Godavery District, and I think it due to the Zemindar, who supports the School, to lay an extract from the Report before Government.

2. After mentioning other obstacles to the progress of the School, the Inspector proceeds as follows:—"A severe outbreak of cholera produced quite a panic; the Zemindar himself was attacked, and, at the time of my visit, was still confined to his bed, and his recovery doubtful—from the effects of the remedies, I imagine. He, however, sent me a message to say that whatever happened to himself, his wish and his instructions were that the School should be maintained."

3. I think that a slight recognition of the good spirit evinced by the Zemindar, conveyed in an Order of Government, is an honor which is fairly merited, and one which would be likely to exercise a wholesome influence in stimulating other landed proprietors to encourage education.

No. 91. ORDER THEREON, 24th October 1866, No. 318.

The Government have much pleasure in recording their appreciation of the interest taken by the Zemindar of Juggampett in the cause of education, and of the spirit with which, in a time of sickness, he manifested his anxiety that the Zemindary School should be efficiently maintained.

2. This Order will be communicated to the Zemindar, through the Collector of the Godavery District.
