Proceedings of the Madras Government, Revenue Department,
15th November 1866.

No. 343. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Salem, 25th September 1866, No. 109:—

1. I have the honor to report that on the receipt of the Order of Government of the 26th of July, No. 2,358, I instructed the Range Officer to commence the repair of the road from Auchitty to Denkenicottah. After some expenditure had been incurred, I received the Order of Government of the 28th of August, No. 2,704, forwarding a copy of letter from the Accountant General, from which it appears that the transfer of the amount provided for the road in the Forest Department Budget cannot be made. I have since been informed that the Deputy Conservator has reported that he cannot undertake the work.

2. The work will be one of considerable difficulty, as, for part of the way, an entirely new road has to be made along a hill side, through thick jungle. I do not think the road is likely to be well made, either by the Revenue or the Forest Department, and as it has already been commenced by the Range Officer, and a temporary Overseer placed in charge, it will be a pity to stop the work.

3. I therefore beg to recommend that the road be made by the Range Officer, and that the funds required be advanced to him by the Deputy Conservator of Forests, to whom the monthly Progress Reports and Accounts can be forwarded. No transfer of the amount provided in the Forest Department Budget then need be made.

Transferred to the Revenue Department.
