414-415	
Dated 17 — 11 — 1866.	

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 17th November 1866.

No. 414. Read the following Proceedings of the Board of Revenue, dated 26th October 1866, No. 7,762.

Read the following letter from the Collector of Coimbatore, to the Secretary to the Board of Revenue, dated 29th September 1866, No. 261 :—

1. I have the honor to submit my report on the results of the experimental cultivation of cotton in this district, during Fusly 1275, conducted in the manner pointed out in the correspondence noted in the margin.

His Excellency the Governor's Minute, dated 29th October 1861, No. 2,069, and Board's Proceedings, dated 1st November 1861, No. 5,995.

2. The names of the ryots who undertook the experimental cultivation in Fusly 1275, are given in the Statement accompanying this letter, as well as the extent of land cultivated, and assessment thereon, with other details.

3. There are only four individuals, who, though they took land to try the cultivation, were unable to do so from various causes. Karuppa Gownden, Monigar of Perindorai, having died, there was no one to proceed with the experiment on the land taken up by him. Sinnatambi Gownden had to desist from his promised cultivation in Suttimungalum, as a new road was made through his land. Kotta Vela Sakkarai Manradi of Palaiyakottai did not attempt any cultivation in Perandorai, in addition to what he had undertaken in Dharapuram. Mr. Robert Stanes states that the poorness of the soil and the abundance of the insects which destroy cotton have discouraged him from making any experiment during the past Fusly. To the above four persons, no remission of assessment has been granted.

4. Specimens of cotton, forming the subject of the respective experiments, are herewith sent for the Board's inspection.

5. In conclusion, I have to observe that the small outturn of cotton is to be attributed to a general want of rain, and to the unusual drought prevalent in the Fusly under notice.

6. The sum of Rupees 140-3-9, the assessment on $121\frac{5}{5}$ acres actually cultivated, as per the accompanying Statement, has been remitted.

Statement shewing the names of ryots, the extent and assessment of the lands cultivated by them with cotton in the manner suggested in His Excellency the Governor's Minute, communicated in the Government Proceedings of the 29th October 1861, for Fusly 1275, in the District of Coimbatore.

Names of Talooks.	Names of Villages.	Names of ryots selected to conduct the experimental cultivation of cotton.	Land cultivated with cotton.		Total expense incurred by the ryot.	Quantity of the out-turn		Value of a Maund of 25 lbs.	Gross proceeds.	Net profit after deducting expenses.
