No. 449. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Waltair, 25th October 1866, No. 166:—

Enclosure 1.

1. In reply to G. O., No. 3,050 of 22nd September, I have the honor to report that the bridge over the Cowsica is an item in the estimate of the road from Ambajeepett to Amalapar, sanctioned in G. O., No. 449 of 15th February 1865.

2. The bridge had never been fully finished, as the flaw in the pile was discovered before its completion. The Sub-Engineer in charge removed the superstructure directly, believing that the weight was too great, and likely to cause an accident; and as we have not any means of carrying the girder, while removing the old and re-placing a new pile, we are now obliged to lift it off.

3. Mr. Rundall is sanguine as to being able to effect this, and to re-construct the work at the amount of the enclosed estimate, which I beg may be sanctioned early; the work is in progress from Local Funds; the gap causes great inconvenience to travellers.

---

1. Referred to the Revenue Department, with reference to the Orders in that Department, No. 175, dated the 31st January 1865.

2. It is not clear from what allotment the construction of the road between Ambajeepett and Amalapar is now in progress.
