Proceedings of the Madras Government, Revenue Department, 6th December 1866.

No. 67. Read the following Proceedings of the Board of Revenue, dated 23rd November 1866, No. 8,462 :—

Read again letter from the Collector of Tanjore, dated 11th October 1866, recorded in Board's Proceedings, 29th October 1866, No. 7,822.

Read also the following letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated Vellum, 10th November 1866, No. 287.

With reference to the Board's Proceedings, dated 29th October 1866, No. 7,822, I have the honor to forward, for perusal, copy of a letter dated 8th instant, No. 939, addressed by the Superintending Engineer to Government, in the Public Works Department, on the subject of the requisite sanction for the payment of compensation for lands taken up for the Junction Canal at Tirupundi.

From the Superintending Engineer, Sixth Division, to the Secretary to Government, Public Works Department, dated Tanjore, 8th November 1866, No. 939.

1. With reference to Government Order, No. 3,669, of the 22nd December 1864, I have the honor to observe, that the items which made up Rupees 65,716, for the Vedarniem Canal, were given in my letter, No. 960, of the 5th September 1865, and included Rupees 1,716 for compensation for land taken up for the new cut excavated in 1861-65, under an estimate of Rupees 22,565, sanctioned in Government Order, No. 3,511, dated 30th November 1863.

2. In sanctioning the estimate of Rupees 64 000, no notice was taken of the Rupees 1,716, for compensation for this land; it will not be possible to spare funds from the balance of the allotment for the work in 1866-67, but I would solicit permission to disburse the amount early in 1867-68, and should the saving on the estimate of Rupees 70,410, now sanctioned, not cover the amount, a supplemental grant may be made when the canal is completed.

Government Order, No. 3,101, dated 19th October 1865.

Government Order, No. 2,736, dated 29th August 1866.

---

1. Ordered that the above papers be submitted to Government, with the Board's request that, unless already sanctioned by Government, in the Department of Public Works, on the Superintending Engineer's letter of 8th instant, the disbursement of the sum of Rupees 1,716, on account of land taken up in January 1864, or nearly three years ago, for a work connected with the Vedarniem Canal scheme, may be specially authorized from the funds provided in the Budget of this Presidency for Salt Contingencies.

2. The Board have no doubt that there will be ample funds to meet the charge, and it is a very legitimate demand on this provision, the whole Canal scheme being for the development of the salt revenue.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 20th October 1866.

Read the following letter from G. L. MORRIS, Esq., Collector of Tanjore, to the Secretary to the Board of Revenue, dated Vellum, 11th October 1866, No. 270:—

In forwarding the enclosed Statement, I have the honor to inform you, that, during the past official year, 1865-66, no lands were taken up, either by this or the Public Works Department, for public purposes in this district, for which compensation has not yet been paid. The lands entered in the Statement, however, were taken up in 1864 for the Junction Canal at Tirupundi, and the Superintending Engineer informs me that they have not yet been paid for, because the Government have not sanctioned the amount required for the payment of compensation in this case.

ENCLOSURE No. 1.

ABSTRACT.—Statement showing lands taken up for public purposes in the Tanjore District, during the official year 1865-66, not yet paid for.

The Collector will be good enough to ascertain and report when application was made to Government for the requisite sanction.
