Dated 15—12—1866.

Not to be folded or roughly handled

390/63

Proceedings of the Madras Government, Revenue Department,
15th December 1866.

No. 264. Read the following Proceedings of the Board of Revenue, dated 7th December 1866, No. 8,701.

Read the following letter from the Acting Collector of Madras, to the Secretary to the Board of Revenue, dated Sydapett, 26th November 1866, No. 363 :—

1. I have the honor to submit, for this district, a Statement of the works of irrigation requiring repair, in compliance with the requisition of the Circular of the Board, No. 3,972, dated 11th June last.

2. The only important tank in the district in need of extensive repairs is the tank at Ootramalloor. The bund of this reservoir should be strengthened, and above all the channel from the Cheyoor, which feeds it, put in thorough order. The other considerable tanks in the district are in fair order. Urgent repairs are needed to the smaller tanks, which do not usually receive the attention bestowed on the larger works of irrigation. A great number of these require patching in some way or other, and many are in urgent need of repair. Those mentioned in the Statement are reported to be the most decayed.

Enclosure No. 1.—List.

Ordered that the foregoing letter be submitted to Government, with reference to Government Order of 17th May 1866, Public Works Department, No. 1,587, and in continuation of Board's Proceedings, 26th November 1866, No. 8,511.

No. 265. Order thereon, 15th December 1866, No. 3,390.

Miscellaneous.

Ordered to be recorded.

(True Extract.)

(Signed) J. GROSE,
Under Secretary to Government.

To the Board of Revenue.
