Proceedings of the Madras Government, Revenue Department,
15th December 1866.

No. 266. Read the following Proceedings of the Board of Revenue, dated 30th November 1866, No. 8,589.

Read the following letter from the Collector of North Arcot, to the Secretary to the Board of Revenue, dated Chittoor, 17th November 1866, No. 337 :—

1. I have the honor, with reference to the Proceedings of the Board, dated 8th instant, to observe, that the short link connecting the town of Kuppam with the Kuppam Railway Station is much wanted in the interests of the Railway Station and of the weekly fair held at the pettah on the other side of the line from that on which Kuppam itself stands; without the masonry work, the new road formation would be comparatively valueless. The skilled part of these masonry operations can scarcely be undertaken for some months to come, and in the meantime useful employment may be found for the able-bodied poor in the collection of materials, excavation of foundation, preparation of mortar, and such like accessories of the work.

2. In addition to the sum provided for employment of labor on this short approach, I have allotted a further sum of Rupees 2,000 for its extension north, viâ Kristnapuram, to meet the road through Botmangalam to Bangalore. These works, as now conducted, give very general employment in a corner of the district which has suffered grievously during the recent crisis, and as I have no other work of equal utility to propose in lieu of the masonry part of these operations, the money cannot, I think, be more judiciously laid out, than in carrying out the projects in their present detail. I beg, therefore, to request that I may be authorized to prosecute the work as provided for in the estimate.
