Proceedings of the Madras Government, Revenue Department,
20th December 1866.

No. 356. Read the following Proceedings of the Board of Revenue, dated 14th December 1866, No. 8,863.

Read the following letter from the Collector of Tinnevelly, to the Secretary to the Board of Revenue, dated Pudukudy, Tenkaray Talook, 26th November 1866, No. 535:—

1. With reference to the Board's Proceedings No. 7,813, dated 29th October 1866, I have the honor to inform you that there has been no special disease among cattle in this district of late years; and as the ryots are now well-to-do, no advances are needed to replace agricultural stock.

2. Cholera medicines will be supplied, as directed, to the Tahsildars as soon as received; but from caste-prejudice, and a preference for native remedies, I doubt whether the mere issue of medicines will answer the purpose intended. A native will take the medicine offered, if he has faith in the person who offers it; but he seldom thinks of sending for it until other remedies have failed. In the Utengherry Talook of Salem, where there is cholera all the year round, I was told that a strong dose of pounded black-pepper and castor-oil, taken in the first stage of the disease, had frequently effected a cure.
