Proceedings of the Madras Government, Revenue Department, 20th December 1866.

No. 362. Read the following Proceedings of the Board of Revenue, dated 14th December 1866, No. 8,852.

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Cocanada, 5th December 1866, No. 281 :—

1. With reference to paragraph 1 of the Board's Proceedings, dated the 29th October 1866, No. 7,813, I have the honor to inform you that there has not been any serious loss of agricultural stock from excessive drought, or want of pasture, or by cattle disease in this district, except in the Pittapur Division and Yernagudem Talook. The former being a Zemindary, no notice need to be taken of it. In the latter, the mortality among agricultural cattle is, in Fusly 1275, more than that in the preceding year by 3,462. This occurred partly in the Government villages, and partly in the proprietary villages. The mortality in the Yernagudem Talook was chiefly caused by the diseases called "Domma and Jelagategulu," while a few died from want of water and fodder.

2. The ryots, I think, are not in such want of money as to require advances for replacing these cattle which died. I therefore do not consider it necessary to make advances to them for this purpose.

Submitted for the information of Government.

No. 363. ORDER THEREON, 20th December 1866, No. 3,437.

Miscellaneous. Ordered to be recorded.
