Proceedings of the Madras Government, Revenue Department, 20th December 1866.

No. 366. Read the following Proceedings of the Board of Revenue, dated 12th December 1866.

Read the following :—

Report on the state of the season in the Cuddapah District during the second fortnight in November 1866.

1. A supply of rain was received in the fortnight in several talooks, which has proved beneficial to the paddy cultivation.

2. The crops were in general in a thriving condition. Paddy and raggy had been sown in several localities. Some raggy, sajja, &c., had been harvested in parts of the northern and southern sections. Cholera existed in a slight degree in all the talooks. Fever very prevalent.
