

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 405	Press ~~Min.~~
276.277	
Dated 15 - 2 - 1866.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
15th February 1866.*

No. 276. Read the following letter from the Officer in charge Office of Cotton Commissioner, Dharwar, to the Secretary to Government, Madras, dated Dharwar, 26th January 1866, No. 117:—

1. I have the honor to acknowledge receipt of your letter No. 165, dated 19th instant, and in reply to state that the press ordered shall be forwarded to your address (via Carwar) in a few days.

2. The invention has not been patented, the press was designed by Dr. Forbes when employed in an official capacity.

3. If the Madras Government see fit to encourage the adoption of this very useful machine, by commencing the manufacture of them for the Provinces under their rule, I believe much good will accrue to the cotton trade; for those Zillahs of the Madras Districts that are nearer Dharwar than the Presidency town, I shall be glad to arrange the manufacture of the presses, which may be required, at the Dharwar Factory.

4. I am about commencing to make a still larger press on the same principle, that is intended to pack one-third* of a Bombay Candy; this size will, I believe, suit Western India better than those at present made.

5. If there is any particular size that will suit the Madras cotton trade better than that now made I shall, on being honored with instructions, be happy to have one (for a model) constructed and forwarded from the Dharwar Factory.

No. 277.

ORDER THEREON, 15th February 1866, No. 405.

Miscellaneous.

1. Communicated to the Board of Revenue.

2. The Government will await the result of the presses ordered.

(True Extract.)

(Signed) J. D. SIM,

Secretary to Government.

To the Board of Revenue.
