*Proceedings of the Madras Government, Revenue Department,
15th February 1866.*

No. 284. Read the following letter from the Conservator of Forests, to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 1st February 1866, No. 1,564 :—

1. Adverting to the inquiry in Memorandum No. 167 of the 3rd November 1865, and the Proceedings of Government, dated 4th July 1863, No. 1,191, paragraph 15, as to the utility of lithographing Major Hunter's Map of the Wynad forests, after careful investigation and consulting Major Gib and Lieutenant Fullerton (now in charge), I find that many details remain to be filled in to render it a reliable survey chart.

2. No demarcation has yet been made by the Revenue Survey and Settlement Departments of any of these forests, their labors having been confined to the defining of Coffee Estates in the District.

3. Captain Beddome and Lieutenant Fullerton have tested the accuracy of Major Hunter's Map, and the latter has been directed to fill up, from personal survey, the details wanting in the chart, which will eventually be of great value when the Survey Department have finished their demarcation.

No. 285. ORDER THEREON, 15th February 1866, No. 469.

Forests, No. 6.

The Board will call upon the Collector to state when the demarcation of the Wynad forests is to be undertaken, and how long the work will occupy.
