*Proceedings of the Madras Government, Revenue Department,
23rd February 1866.*

No. 448. Read the following Proceedings of the Board of Revenue, dated 10th February 1866.

Read the following letter from the Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 2nd February 1866, No. 28:—

1. I have the honor to inform the Board that owing to the prompt and regular importation of Salt into the District under the new contracts, and the want of storage for the same at Mangalore, I took upon myself to order the construction of a temporary shed at Mangalore on emergency, and in anticipation of funds being placed at my disposal for the purpose by the Superintending Engineer of the Division. Colonel Walker, however, having been addressed to on the subject, declines providing the necessary funds, and states that the balance of Repair Funds in Canara, under the head of Civil Buildings, falls far short of their aggregate amount, and that even if it were otherwise, it would not be within our competence to appropriate the necessary funds for the above purpose, as such works do not properly come under the category of repairs. This argument seems to be rendered more strong by

the late Resolution* of the Government of India, in the Financial Department, and

* Board's Miscellaneous Circular No. CLXXVII, dated 21st December 1865.

by which all works of the above nature are excluded from the Public Works Budget.

2. The necessity for a temporary shed for the storage of salt at Mangalore is, however, so urgent, that serious inconvenience is likely to be felt if the completion of the building now in progress is delayed for want of funds, as at present all the available Kotars at Mangalore are full of salt, and those situated inland do not admit of more salt being stored in them.

3. Under these circumstances, I have the honor to request that the Board will be pleased to sanction the accompanying estimate for Rupees 639. The expenditure can be met from the 16,000 Rupees entered in the current years' Salt Budget, as freight on Salt imported. Out of this sum Rupees 8,659-5-6 have been authorized by the Board in their Proceedings of 23rd October last, No. 6,790, to be disbursed on account of Salt purchases, leaving a balance of Rupees 7,340-10-6, still available, and of which not a single Pie is required for freight on import Salt, as under the existing arrangements, all such expenses are borne by the contractors.

1. Submitted for the sanction of Government.

2. The mode suggested for providing the funds appears to the Board to be perfectly legitimate.

No. 449. ORDER THEREON, 23rd February 1866, No. 490.

Separate Revenue, No. 20.
Salt.

Sanctioned accordingly. Funds can be supplied from the source pointed out by the Collector.
