*Proceedings of the Madras Government, Revenue Department,
8th January 1866.*

No. 94. Read the following Proceedings of the Right Honorable the Governor-General of India in Council, Public Works Department (Revenue—Forests), dated Fort William, the 19th December 1865, No. 601F:—

Read again Public Works Department, Docket No. 2,058, dated 4th May 1863, forwarding a Tabular Statement of Establishment required for the Conservancy of the Bolamputty Forests, Madras.

Read again Financial Department Resolution No. 3,371, dated the 25th July 1863, sanctioning the above Establishment.

Read again also letter No. 2,410, dated the 5th October 1865, from the Secretary to Government, Madras, Revenue Department, submitting for sanction a Tabular Statement of Establishments required for the conservancy of the Chenat Nair, Bolamputty, and Sholakurray Forest tracts in the Coimbatore District, Madras.

OBSERVATIONS.—The Madras Government submits for sanction an application for an Establishment on the following scale for the conservancy of the Chenat Nair, Bolamputty, and Sholakurray Forests, in the Coimbatore District:—

	RS.
1 Overseer	80
1 Duffadar	10
5 Peons at 6 Rupees	30

Total ... 120 per mensem,

or Rupees 1,440 per annum, inclusive of the Establishments already sanctioned for the Bolamputty tract, amounting to Rupees 16 per mensem, so that the net increase proposed is Rupees 104 per mensem.

2. It is reported that these tracts form a valuable belt of forest land, and that they will re-pay the cost of conservancy and working. Also that Teak may be planted at any time with the certainty of success; but the information afforded is very meagre.

3. The Governor-General in Council observes that in submitting propositions of this nature for the orders of the Government of India, some particulars should be given as to the extent to which working is to be carried on in the outset, and the expected results as respects revenue. It would be desirable to have on record some more precise reasons for the increase, than, that, at some future time, they will re-pay the cost of conservancy and systematic working; and that Teak may at any time be planted with a certainty of success. Some definite data that a fair return within a moderate term may be anticipated, should be afforded.

4. Before the proposition is finally sanctioned, the Madras Government should furnish such information as is above indicated. Meanwhile the application may be referred to the Financial Department, for sanction, as a temporary measure, and for the current year only, from the Budget allotment for which the cost can, it is reported, be met.

ORDER.—Ordered, that the foregoing observations, with the letter now read and Tabular Statement be forwarded to the Financial Department for consideration and orders.

*Proceedings of the Madras Government, Revenue Department,
8th January 1866.*

Ordered also, that they be communicated to the Government of Madras in the Revenue Department, with a request that the information required may be furnished to this Department.

systematic working; and that Teak may at
any time be planted with a certainty of
success. Some definite data, that a fair
return within a moderate term may be
anticipated, should be afforded.

4 Before the proposition is finally sanc-
tioned, the Madras Government should furnish
such information as is above indicated.
Meanwhile the application may be referred
to the Financial Department, for sanction,
as a temporary measure and for the cur-
rent year only, from the Budget allotment
for which the cost can, it is reported be met.

Order

Ordered, that the foregoing observations,
with the letter now read and Tabular
Statement, be forwarded to the Financial
Department for consideration and orders.

Ordered also, that they be communi-
cated to the Government of Madras in
the Revenue Department, with a request
that the information required may be fur-
nished to this Department.
