*Proceedings of the Madras Government, Revenue Department,
27th February 1866.*

No. 511. Read the following letter from the Acting Collector of Kurnool, to the Secretary to the Board of Revenue, dated on circuit, Nundial, 16th February 1866, No. 25 :—

1. The Assistant Conservator of Forests offers to make use of five Pluviometers, if supplied him. It is of very great importance that true information on such subjects should be more definite and correct as to different portions of Districts, and especially where questions of the effect of mountains and forests on rain-fall can be put to practical tests, and I request therefore that five Pluviometers may be sent to Assistant Conservator Mr. Sheffield.

2. It will be advantageous if at least two of them are so constructed as to render it of little importance whether they are visited frequently or at intervals of a fortnight apart. These would be peculiarly adapted for mountain tops, which probably exercise an influence in proportion to their inaccessibility.

—

Transferred to the Chief Secretary to Government for disposal.

(Signed) W. HUDLESTON,

20th February 1866.

Secretary, Revenue Board.

No. 512. ORDER THEREON, 27th February 1866, No. 522.

Miscellaneous.

1. Mr. Sheffield's application should have come through the Head of his Department.

2. The Conservator of Forests will now state what means Mr. Sheffield has of accurately and reliably registering the rain-fall in his Range; where the Pluviometers, if supplied, are to be placed, and what officers are to have charge of them.

(True Extract.)

(Signed) J. D. SIM,

Secretary to Government.

To the Conservator of Forests.
,, the Board of Revenue.

Exd. S. T. Augustin.
