*Proceedings of the Madras Government, Revenue Department,
27th February 1866.*

No. 513. Read the following Proceedings of the Board of Revenue, dated 15th February 1866, No. 1,069.

Read again letter from the Collector of Nellore, dated 21st June 1865, in Board's Proceedings, 27th July 1865, No. 4,409.

Read also the following letter from the Collector of Nellore, to the Secretary to the Board of Revenue, dated Patapad, Atmakur Talook, 30th January 1866, No. 21 :—

1. In accordance to the orders of the Board, as conveyed in their Proceedings of the 27th July, I have the honor to state that inquiries have been made as to the intentions of the family who constructed the tank that I recommended for repair at the expense of Government.

2. One representative of the family in question lives in this District, and has resigned all claim on the tank. His resignation has been duly executed on stamped paper. The other representative lives in Madras, and, as stated in the enclosed copy of a letter from the Collector, is willing that Government should repair the tank on condition that it be restored to him whenever he can afford to re-pay the money spent. This agreement has been drawn up on plain paper.

3. And under these circumstances, I beg to repeat my recommendation of the 21st June, and request the favor of orders at an early date. The public purse will be the gainer by the condition imposed, if exacted.

From the Collector of Madras, to the Collector of Nellore, dated Sydapet, 22nd December 1865, No. 758.

In reply to your letter of the 29th September last, No. 638, requesting to know the wishes of one Siddalla Pitchaya, concerning the repair of the Sitalavara or Fakir's pond being executed by the Government at their own expense, I have the honor to forward, herewith, a Kararnamah given by him, wherein he agrees to the repair of the tank being for the present undertaken by Government, but on the condition of their transferring the pond to him whenever he could afford to re-pay the money.

1. The sanction of Government will be requested to the proposed charge of Rupees 400 for repairing the tank, which is stated to be greatly needed for the convenience of the salt traders.

2. The charge can be met from savings in the salt contingencies.

No. 514. ORDER THEREON, 27th February 1866, No. 523.

No. 4,409.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 27th July 1865.

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated 21st June 1865, No. 136:—

1. I have the honor to forward, for the consideration of the Board, copy of a letter from my Salt Deputy, proposing the repair, at a cost of some 400 Rupees, of the Sitalavaru Fakir's pond for the comfort of the salt traders and merchants at the Padarti Depot.

2. From the Deputy Collector's report that the restoration of the pond in question will be a great boon to purchasers of salt resorting to Padarti will be obvious to the Board, and with reference to paragraph 7 of the Proceedings of Government, Revenue Department, dated 5th June 1862, No. 1,236, I have the honor to request sanction for the proposed outlay, which could probably be met from savings likely to arise in two "charges for the provision of salt" in my current Budget.

3. The work will be carried out by the Salt Superintendent under the supervision and orders of the Salt Deputy Collector.

ENCLOSURE No. 1.

From C. NARAYANASAMI MUDALI, Deputy Collector in charge of the Salt Department, Nellore, to J. W. B. DYKES, Esq., Collector of Nellore, dated 8th June 1865, No. 95.

1. In submitting for your favorable consideration Urzi No. 73 of the 16th ultimo, from the Superintendent of Padarti, I have the honor to inform you that the repair of Sitalavaru or Fakir's pond therein alluded to, is absolutely necessary, inasmuch as it is very useful to the innumerable Lambadi and other merchants and their pack bullocks, as well as to the travellers.

2. The Superintendent states that a Komati family of Kotapatnam called Sitalavaru, had this pond originally excavated, and that as no member of this family lives at the place, it has been left in a dilapidated state for the last thirty years nearly. He further says that he reported to you on the 17th January last, when you visited Biramgunta, the necessity of repairing this pond, and that he was then ordered to report officially on the matter. The probable amount of expenditure for removing the deposit with which the pond is filled, so that it may contain a sufficient quantity of water is, according to the Superintendent's estimate, Rupees 400, for which sum, I beg to request sanction may be obtained in reference to the Board's Miscellaneous Circular, No. 4,487, dated 12th July 1862.

Copy.)

(Signed) J. W. B. DYKES,
Collector.

The Collector will be requested to ascertain whether the family who originally constructed the tank are not prepared to put it in repair. If not, they should be requested to transfer to Government any rights they may have in the existing tank.

(True Copies and Extract.)

(Signed) R. A. DALYELL,
Acting Secretary.
