No. 102. Read the following Proceedings of the Board of Revenue, dated 5th December 1865, No. 7,755.

Read the following letter from the Collector of Coimbatore, to the Acting Secretary to the Board of Revenue, dated Ootacamund, 2nd November 1865, No. 225 :—

1. I have the honor to forward a statement, shewing the extent and assessment of land proposed to be given to the Monigars of certain villages in the Bowany Talook in this District, in lieu of their Inám lands, which have become unfit for cultivation.

2. The aggregate extent of land unfit for cultivation is Acres $55-4\frac{1}{4}$, bearing an assessment of Rupees 42-7-0; that proposed to be given in lieu of it, measures $46-1\frac{1}{16}$ Acres, assessed at Rupees 42-7-0.

3. In five instances, the Monigars request that lands held by other Ryots, on Puttah, may be allotted to them. In the other two cases, the grant is proposed to be made from Government waste.

4. The Puttahdars agree to this arrangement, and as there appears to be no objection to it, I request the Board of Revenue will be good enough to obtain the sanction of Government to its being adopted.

5. The Puttah lands referred to are to remain, as usual, with the Puttahdars. The Monigars will be entitled to receive only the assessment.

6. In cases of grants made from Government waste, the Monigars for the time being will be allowed to enjoy the land.

2. The lands composing the old Ináms should not, under the explanation given in column 7 of the Collector's Statement accompanying his letter, have been originally granted to the village officers concerned as a suitable remuneration for their services. As the Board understand it, the lands are situated at such a distance from the villages to which they appertain respectively, as to have always rendered their cultivation inconvenient and unprofitable, so that they have been allowed to be overrun with jungle. Had the lands become unprofitable by the wilful neglect of the Inámdars, the latter would not of course be entitled to other land in exchange, as implied in the Board's Circulars, dated 10th October 1850, and 14th June 1855, respectively.

1. The Board approve the arrangements proposed by the Collector, and accordingly submit his application for the sanction of Government.

Pr 53.

The proposed exchange

is sanctioned.

On the five instances referred
to in which the Cuttack houses of
other Ryots are given in exchange,
the Ryots should be made to
understand clearly that the trans-
fer gives them the advantage
of the revenue due to Govt. and not
the proprietary right in the soil
which belongs to the occupant.
