*Proceedings of the Madras Government, Revenue Department,
12th March 1866.*

No. 173. Read the following letter from the Collector of Tinnevely, to the Secretary to Government, Revenue Department, Fort Saint George, dated Trichendoor, 24th February 1866, No. 79 :—

In reply to your letter, dated 17th instant, No. 435, requesting me to state what steps have been taken to provide a suitable chamber for the aquaria expected from England, I have the honor to state that I have been in consultation with Captain Phipps on the subject. The matter is involved in the question of the new offices to be erected, and after personal inspection of the plan and site, at Tuticorin, I have addressed the Superintending Engineer as to the preparation of a new plan, which, I think, will be more suited to the character of the site we have to deal with, to the present requirements of the Officers involved, and greatly more economical, the result of which I hope to communicate at an early date. In the meantime, in concert with Captain Phipps, I shall take care that immediate provision is made for the aquaria on arrival.

No. 174. ORDER THEREON, 12th March 1866, No. 616.
