Proceedings of the Madras Government, Revenue Department,
14th May 1870.

No. 181. Read the following Proceedings of the Board of Revenue :—

Submitting Report on Settlement and Collection of Revenues of Madras Presidency for Fusly 1278. } (Here enter 28th February 1870, No. 1,407.)

No. 182. ORDER THEREON, 14th May 1870, No. 710.

Land Revenue.

THIS Report of the Board of Revenue on the settlement and collection of the revenues of the Presidency for Fusly 1278, or the revenue-year ending 30th June 1869, is submitted at a comparatively early period, although two months later than the time prescribed in the Order of Government, dated 11th May 1869, No. 1,313. The Board explain that the latest District Report did not reach their office until November last, and that the unusual pressure of work in connection with the preparation of the Budgets prevented the earlier preparation of the General Report. They promise, however, to submit the Report of the present year at a much earlier date, should no extraordinary delay occur in the arrival of the District Reports. The Board will, however, be requested to enforce punctuality on the part of the Collectors in the transmission of their Reports, and the Government will be prepared to support them in any notice they may deem it necessary to take of delay on the part of the officers in the provinces.

2. The only territorial alteration of importance made during the year was the formation of the Neilgherry District under Act I. of 1868. The number of districts in the Presidency was thus raised from nineteen to twenty.

3. The gross revenue of the year amounted to Rupees 661,54,137 against Rupees 626,19,420 (inclusive of the License-tax collected in the Town of Madras) in 1867-68. The amount collected was thus in excess of that brought to account in any previous year.* The increase of Rupees 35,34,717 was the result of the more favourable character of the season and of the enhanced revenue derived from Salt, Sea Customs, and Stamps. The charges amounted to Rupees 62,61,759, or Rupees 3,73,006, above the expenditure of Fusly 1277, in consequence of the increased number of Assistants and the introduction of a higher rate of deputation allowance for officiating officers. The ratio of total charges to receipts, viz., 9·4, was nearly the same as in the previous year. The net revenue was Rupees 598,92,378 against Rupees 566,59,213 in Fusly 1277.

		Rs.
* Fusly 1273	... ...	626,72,913
,, 1276	... ...	655,37,502
,, 1277	... ...	626,19,420

4. *Season.*—The season was on the whole much better than the preceding one. The North-East Monsoon was a failure in most of the northern and southern districts, but the freshes in the large rivers, in some of them husbanded as they were by the anicuts, saved the paddy cultivation from destruction. Wet cultivation under rain-fed tanks, and dependent on uncertain rain-supplies, failed. The season in the inland and west coast districts, as also in Tinnevelly and in the greater part of Madura, was very good.

5. *Sanitary Condition.*—The Board remark that "public health was remarkably good." This remark is, strictly speaking, correct only as regards cholera and small-pox. There has been an increase in the deaths from fever and other diseases.

and the death-rate of the year (15·06 per mille) is slightly higher than that of Fusly 1277, which was 13·95. This result is probably owing to greater accuracy in the Mortuary Returns.

6. The Government are concerned to learn that cattle suffered severely from murrain in several districts.

7. *Prices.*—The comparatively low prices of Fusly 1277 have fallen still, though slightly lower in the case of all dry grains which constitute the staple-articles of food of the poorer classes of the population, and the increase in the price of paddy (second sort) could not have been much felt. In Ganjam, Vizagapatam and Godavery, where the North-East Monsoon failed most, there was a considerable rise in the price of *all* grains; elsewhere the variations were too slight to have any material effect, the general tendency being downwards.

8. *Ryots' Holdings.*—The extent of land occupied on ryotwary tenure in all the districts, South Canara excepted, was Acres 192,12,865, assessed at Rupees 341,65,672, against Acres 190,05,610, assessed at Rupees 340,70,855, in Fusly 1277. The increase under dry and wet, making allowance for the Amani lands in Tanjore, brought under ryotwar settlement, alluded to in paragraph 10 of the Board's Report, is shown in the margin. The Board have included in the comparison the revenue or assessment of South Canara which vitiates the comparison, as there is no corresponding entry of area. Omitting this amount the result is an increase of upwards of two lacs of Acres, bearing an assessment of nearly a lac and half of Rupees.

	Extent. Acres.	Assessment. Rs.
Dry	+2,02,768+	1,45,013
Wet	+ 4,469—	50,312
Total ...	+2,07,237+	94,701

9. Under "wet" there was an increase of more than 4,400 Acres in the extent of the holdings, but a decrease of half-a-lac of Rupees in the assessment. In the Kistna District alone there was a marked relinquishment of 21,838 Acres, assessed at Rupees 1,19,620. Among other causes for the abandonment of this large extent of land, the Board allude to the deterioration of the soil by Chavudu, or the efflorescence of salt caused by the action of fresh-water on regar soil, and the enhancement of the wet assessment by the introduction of the new settlement-rates. These points have been fully entered into by Mr. C. G. Master in his Report on the falling off of cultivation in the Kistna District, and will receive consideration when the Board's remarks on Mr. Master's Report reach the Government.

—	Fusly 1277. Rs.	Fusly 1278. Rs.
Assessment on actual buildings	340,70,971	341,65,672
Deduct waste—		
Remitted	15,18,913	11,99,635
Remainder	325,52,058	329,66,037
Add—		
Second crop assessment.	4,76,724	5,32,297
Additional assessment ...	3,91,451	4,08,998
Water-tax	9,40,378	9,40,792
Revenue of South Canara	13,83,138	13,85,104
	357,43,759	362,33,228
Deduct—		
Remissions	30,17,981	24,70,601
	327,25,778	337,62,627

10. *Ryotwar Settlement.*—The actual ryotwar settlement of the Presidency amounted to Rupees 337,62,627 against Rupees 327,25,778.

The extent of land actually cultivated shows an increase of Acres 2,25,465, bearing the assessment of

Rupees 1,92,305. Under the head "Lands left waste" there was a decrease of 18,210 Acres, assessed at Rupees 95,522. These figures and the variations in almost all the other subordinate items of the settlement given in the margin bear unmistakeable evidence of improvement.

11. *Remissions.*—The "occasional and waste" remissions, which vary with the character of the season, show a decrease indicating the generally successful issue of the ryot's labour. The remissions would have been still less but for the scantiness of the monsoon in six of the twenty districts.

	Fusly 1277. Rs.	Fusly 1278. Rs.
Waste remissions ...	15,18,912	11,99,635.
Occasional remissions	22,31,759	15,07,027.

12. The remissions of a fixed character and deductions from the collections on account of the remuneration of village-servants, etc., need no particular notice. The large increase under the latter head is owing to the pay of village-servants having been for the first time deducted from the assessment in the districts of Tanjore, Godavery, and Tinnevelly.

	Remissions of a fixed character. Rs.	Deductions from beriz. Rs.
Fusly 1277	97,801	6,88,421
,, 1278	1,12,678	8,50,896
Increase	14,877	1,62,475

13. *Peishcush or Zemindary Revenue.*—The permanently settled revenue of the year from Zemindaries and Mootahs amounted to Rupees 51,46,522 against Rupees 51,32,859 in Fusly 1277. The increase of Rupees 13,663 was the result mainly of the collection of water-rate in the Goodoor Purganah, and the restoration of two estates in the Kistna District to the persons who claimed them.

14. *Shrotriem and Inam Quit-rent.*—The increase of Rupees 2,611 under the head of Shrotriem and Inam Quit-rent is a nominal one, consisting merely of a transfer to this item from Land-revenue Miscellaneous to which the sum was formerly erroneously credited.

	Rs.
Fusly 1277	6,68,117
,, 1278	6,70,728
Increase	2,611

15. *Miscellaneous.*—The revenue from the various minor items classed under this head amounted to Rupees 34,95,113 against Rupees 34,55,311 in Fusly 1277. The increase is the combined result of the sum of Rupees 89,425, the sale-proceeds of escheated lands in Malabar having been credited for the first time to Land-revenue, and to the decrease of Rupees 1,36,877 in the rent of islands in the Godavery District. The decrease was due partly to the introduction of the new settlement-rates and partly to certain lunkahs or islands in the river having been left unoccupied in consequence of the bad outturn of the Tobacco-crop on them in the previous season.

16. The total Land-revenue Demand of the year under all heads amounted to Rupees 430,74,990 against Rupees 419,81,948 in Fusly 1277. The increase was Rupees 10,93,042.

17. *Special Products.*—There was a decrease in the cultivation of Sugar-cane and Cotton which the Board attribute, in the case of the former, to want of water in several districts, and, in that of the latter, partly to the season and partly to the ever-varying state of the market.

	Fusly 1277. Rs.	Fusly 1278. Rs.
Sugar-cane	41,733	39,771
Cotton	14,86,861	13,41,365
Indigo	1,16,880	1,62,015

The prospect of a good Jonna-crop in the Ceded Districts appears to have also checked the cultivation of Cotton. The cultivation of Indigo in Cuddapah, Bellary, and Kurnool, was also largely influenced by an increased demand in the market for that article.

18. The demand on account of sundry sources of revenue is shown in the subjoined table:—

Items.	Fusly 1277.	Fusly 1278.	Difference.
	RS.	RS.	RS.
Abkarry	53,27,863	49,05,543	— 4,22,320
Income-tax	.....	73,900	+ 73,900
License-tax	5,48,941	5,07,511	— 41,430
Salt	105,62,247	111,98,249	+ 6,36,002
Sea Customs	24,11,354	25,88,750	+ 1,77,396
Land Customs	1,51,606	1,89,756	+ 38,150
Stamps	35,89,001	39,49,938	+ 3,60,937
Total...	225,91,012	234,13,647	+ 4,63,750

19. *Abkarry.*—The decrease of nearly 4¼ lacs under Abkarry was the combined result of an increase of Rupees 1,33,260 in ten districts, and a decrease of Rupees 5,55,580 in as many; but this falling off in this branch of revenue in the year under report has been fully recovered in the present year.

20. *Income and License Taxes.*—The Income-tax which was in operation during the last three months of the Fusly superseded the License-tax which was collected up to that time, and the revenue entered under the former head consists only of deductions made from the salaries of Government officials. No fair comparison can therefore be instituted under these heads.

21. *Salt.*—The demand under "Salt" shows the large addition of Rupees 6,36,000 to the revenue of Fusly 1277, which has occurred chiefly in the districts noted in the margin. The sales in the first two districts, respectively, were chiefly influenced by the demand from Hyderabad, in consequence of the stores there having been exhausted, and by the further extension of the north-west line of Railway towards Bellary. Compared with the collections of the last five years, the revenue under this head (Rupees 111,98,247) is more than that realized in any year, except Fusly 1276, and exceeds the average of those years by more than 8¼ lacs.

	RS.
Kistna	3,68,941
Madras	1,32,317
South Arcot...	53,003
Malabar	75,695

	RS.
Fusly 1273	94,78,845

,, 1275	102,85,487
,, 1276	115,87,979
,, 1277	105,62,247
Total...	518,31,779
Average...	103,66,356

22. The quantity of Salt sold in the year was 71,87,473 Indian Maunds against 66,69,562 in Fusly 1277. The balance in store at the close of the former year was not only less than the balance of Fusly 1277, but was also below the average of the previous five

	RS.
Fusly 1277	96,10,067
,, 1278	86,80,636
Decrease...	9,29,431

years by more than 9¾ lacs. This decrease is owing chiefly to the quantity manufactured having on the whole fallen short by nearly 4¼ lacs of Maunds. The falling off in the Madras District alone amounted to no less than 6¼ lacs of Maunds, in consequence of the manufacture in the northern pans having been suspended till April 1869, from the fact of the Ennore Bar not having been opened until that time. The Board will be requested to take early steps in the present year to guard against a similar contingency, reducing the quantity in store below the usual standard.

23. The charges of the Salt Department amounted to Rupees 13,86,060 against Rupees 12,80,916, notwithstanding the smaller quantity manufactured. An examination of the figures in the latter part of paragraph 44 of the Board's Report shows, that while there was a large decrease under all items, more or less affected by the quantity manufactured, there was an increase of Rupees 61,348 under "Purchase of manufacturer's share," owing, as the Board remark, to the payment of the kudiwaram of the previous year in Fusly 1278. The entire expenditure of Rupees 46,957 under "Petty Construction and Repairs" also appears nominally under the increase from the absence of a similar item of charge in the Returns of 1277.

	RS.
Demand	111,98,249
Deduct Balance ...	994

,, 11275	86,77,53
,, 1276	101,70,053
,, 277	92,78,221
Total ...	451,20,499
Average ...	90,24,099

24. The net Salt-revenue of the year amounted to Rupees 98,11,195 showing an increase of Rupees 5,32,974, over the net revenue of Fusly 1277, and of 7,87,000 over the average* net revenue of the last five years.

25. The total wastage of Salt in the year was Indian Maunds 1,93,527, and, under the explanation given by the Board in paragraph 43, sanction is granted for writing off this quantity.

26. *Sea and Land Customs.*—The aggregate increase of Rupees 2,15,546 under these heads is the result of the general improvement in trade throughout the Presidency, except in South Arcot in which district there was a falling off of Rupees 21,331 in the collections.

	RS.
Sea Customs	1,77,396
Land ,, ...	38,150
Total,	2,15,546

27. *Stamps.*—The Stamp-revenue shows an increase of Rupees 3,60,937, which is attributed to the number of Stamps required for the renewal of the Abkarry leases, as also to the gradual progress of trade and the increase of the wealth of the country.

28. *Demand, Collection, and Balance of Current Revenue.*—The total demand on account of all sources of revenue amounted to Rupees 664,88,637, of which Rupees 614,57,261, or a little more than ninety-two per cent., was collected within the Fusly. The subsequent collections up to October 1869 amounted to Rupees 37,57,738, leaving a balance of only Rupees 12,73,638, or less than two per cent.

29. This punctuality in the collection of the public revenues is highly creditable to the revenue-officers. The explanation given by the Board of the

outstanding balances requires notice. The balance of peishcush against the Ramnad Zemindary amounted to Rupees 2,05,759. The Board state that the collection from this estate is allowed to remain in abeyance, pending the disposal of the proposition to place it under Government management, and the arrear may continue to lie over. The balance due from the late Abkarry Renter of the Madras District, too, should not be allowed to stand over. The Government in their Order, dated 11th February 1870, requested the Board to ascertain the grounds on which the additional lease of one year was conceded to him, and to obtain the original or copy of the petition presented by him on the subject. This Order should receive immediate attention, and the Board will consider whether the arrears cannot be recovered from the Renter, leaving any compensation claimed by him for future settlement.

30. *Demand, Collection, and Balance of Arrears.*—The total demand on account of arrears amounted to Rupees 64,83,683 at the commencement of the Fusly. Deducting the collections and remissions both within and subsequent to the Fusly up to 31st October 1869, the balance left was Rupees 11,13,701, and of this, the sum of Rupees 3,28,580-14-5 is stated to be irrecoverable.

31. Under the explanation given in paragraphs 56 to 60 of the Board's report sanction is granted for writing off the entire amount of Rs. 3,28,580-14-5.

32. The recoverable and doubtful balances should be determined as soon as possible. The Fuslywar Statement, appended to paragraph 62 of the Board's Report, does not give the particulars necessary to enable the Government to ascertain the districts in which old items remain unadjusted "at the close of the Fusly," for which the Report is submitted as required in paragraph 29 of the Order, dated 11th May 1869, No. 1,313. As remarked by the Board the Collectors should take steps to adjust these balances at the earliest possible date.

33. The resort to the coercive process during the year was rare, considering the increased revenue realized in Fusly 1278. The comparison of the number of ryots against whom Processes were issued, and of the revenue collected by actual sales, with the figures of Fusly 1277 under the same heads as shown in the margin, is very satisfactory.

	Fusly 1277.	Fusly 1278.
	Rs.	Rs.

Revenue collections of the Madras Presidency.—Report of the Board of Revenue for Fusly 1278, reviewed.

Reported to England 12 Jun: No. 2 of 1870 Land Rev. 23 Aug No. 20.

No. 1,407.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 28th February 1870.

PREFATORY.—The Board resolve to submit to Government their report on the Settlement and Collection of the Revenues of the Madras Presidency for Fusly 1278, (A. D. 1868-69,) together with the prescribed Statements illustrative of the results. A file of the printed reports of Collectors accompanies it.

2. TERRITORIAL CHANGES. DISTRICT.—*In the number of Districts*—During the year under report the Neilgherries were constituted into a separate district and placed under a Commissioner by Act I. of 1868 from the 1st August 1868. Thus the number of districts in the Presidency was raised from 19 to 20.

3. TALOOKS.—*In the number of Talooks*—The total number of Talooks under Ryotwar Settlement was the same as in Fusly 1277, viz., 156, but in the District of Coimbatore the Neilgherry Talook was taken away to form the new district of that name.

Fuslies.	Talooks.	Villages.	Puttahs.
1277	156	27,847	23,59,325
1278	156	27,816	23,58,051
		Decrease... 31	Decrease... 1,274

4. VILLAGES.—*In the number of Ryotwar villages.* There have been variations in several districts, as noted in the margin.

Districts.	Increase.	Decrease.
Ganjam	...	10
Vizagapatam	...	1
Kistna	...	15
Nellore	...	1
Cuddapah	1	...
Bellary	...	2
South Arcot	...	3
Madura	...	1
Tinnevelly	1	...
Coimbatore	...	16
Neilgherries	17	...
Malabar	...	1
Total...	19	50
Net...	...	31

In Ganjam, 15 Khond Hamlets were struck off the account, having been deserted. Three villages were brought under Ryotwar from rents for more than one year, and two, the revenue of which had appeared hitherto under Land Revenue Miscellaneous, were added to the list of Ryotwar villages.

In Vizagapatam, a small Ryotwary village, with an assessment of 2 rupees, was deserted, being over-grown with jungle.

In the Kistna District, 14 villages comprising the Vissennapett Mootah, and another named Chanubanda, were made over to Zemindars under Orders* of Government.

In Nellore a village in the Kavali Talook was restored† to the Shrotriemdars.

In South Arcot, 3 villages passed from Ryotwar to Amani.

In Madura, the village of Nallapollem, in the Pulney Talook, was transferred to the Talook of Dharapurum, in the Coimbatore District.

The District of Coimbatore had an access of one village from Madura as stated above, and parted with 17 to the Neilgherry District.

* Government Order, dated 3rd February 1868, No. 297.
" " dated 23rd August 1869, No. 1,011.

† Government Order, dated 12th Septemer 1867, No. 2,152.

Notification *Fort Saint George Gazette*, dated 17th July 1868.

A Shrotriem village was resumed and added to the number of Ryotwar villages in the Tinnevelly District.

The decrease of one village in Malabar was caused by the incorporation of a very small village with a larger one in the Ponany Talook.

Board's Proceedings, 6th May 1868, No. 3,312.

The increase of 17 villages marked against the Neilgherry Talook is nominal.

5. Number of Puttahs.—The number of Puttahs issued during Fusly 1278 was nearly the same as that in the preceding year, as will be seen from the following abstract. The extraordinarily large variations in the numbers of "fresh puttahs," and of "old puttahs modified by additional entries" are due to the issue for the first time of puttahs in book-form in several districts, and are consequently of a nominal character. Strictly speaking, the puttahs recopied and issued in book-form are not fresh puttahs, and the Collectors would have done well not to have exhibited them under that head in the accounts. The fallacious results now presented by the accounts would have been avoided and the real transactions of the year would have appeared in their true comparison with the previous year:—

Fuslies.	Number of fresh puttahs.	Old puttahs modified by additional entries.	Old puttahs not altered.	Total.
	No.	No.	No.	No.
1277.....	5,26,978	6,69,903	11,62,444	23,59,325
1278.....	11,18,214	2,05,175	10,34,662	23,58,051
	Increase. 5,91,236	Decrease. 4,64,728	Decrease. 1,27,782	Decrease. 1,274

6. Season.—The season of Fusly 1278 opened very propitiously, but ended in great disappointment over the greater part of the Presidency. The south-west monsoon was both timely and abundant, but the north-east monsoon was light in some and utterly insufficient in many districts. A Comparative Table of rain-fall is given below:—

Districts.	April to September 1868.	October 1868 to March 1869.	Total from April 1868 to March 1869.	Total from April 1867 to March 1868.
	Inches.	Inches.	Inches.	Inches.
1. Ganjam.....	20·40	2·14	22·54	48·26

20. Malabar.....	98·98	8·66	107·64	97·33

The Godavery and Kistna received very high freshes, but the Cauvery only a moderate supply. The system of anicut irrigation under these great rivers saved the extensive paddy crops under them in the Districts of Godavery, Kistna, Tanjore, Trichinopoly, and part of South Arcot, from the destruction which would otherwise have been inevitable from the failure of the north-east monsoon; Disaster however overtook all the wet cultivation dependant on rain-fed tanks and uncertain river supplies in the less favoured districts of Ganjam, Vizagapatam, Nellore, Madras, and North Arcot. In the inland Districts of Kurnool, Bellary, Cuddapah, Salem, and Coimbatore, the season was more or less propitious both for wet and dry crops; in South Canara, Malabar and Tinnevelly it was decidedly good, and in Madura it was fairly so. A portion of the district however suffered severely from the absence of the later rains. The out-turn of the dry crops may be said to have been generally fair in all the districts, and that of the wet crops under permanent sources of irrigation was very good. Such wet crops as were entirely dependent for their maturity on the north-east monsoon yielded a very scanty return or withered altogether.

7. Sanitary Condition.—Public health was remarkably good in the season of Fusly 1278. Cholera was altogether unknown in three,* and nearly so in nine districts. It prevailed, however, in four districts, and caused greater mortality than in the year before. Fever was very prevalent in many districts, and in Ganjam and in the Ceded Districts assumed a malignant character. Small-pox of a virulent type visited nearly all the districts. The usual abstract statement compiled from the Mortuary Returns is annexed. There is a slight increase in the death rate of the year under report. Cattle suffered much from murrain in several districts.

8. Prices of Agricultural Produce.—The price of paddy, both first and second sort, was slightly higher, and that of cholum, cumboo, and raggy, slightly lower than in the previous year. In Nellore, Cuddapah, Kurnool, and Bellary, the fall in the price of cholum was very considerable, in consequence of the good harvest.

‖ Board's Proceedings, 4th September 1868, No. 6,301.

11. The result of the year is a net increase in Holdings (Dry and Wet) of acres 2,07,237, assessed at Rupees 96,667, chiefly under dry* lands in nearly all the districts. The large decrease however under Dry†, in the Godavery district, is attributed to the circumstance of certain lands of that description being permanently classed as wet after three years successive cultivation with wet crops. The very large increase‡ under Dry in Madura is explained to be mainly due to the 'enclosed waste' having been included in Ryots' Puttahs in the Dindigul Division under the orders§ of the Board. In Cuddapah and Bellary, there is an increase in the area and a decrease in assessment In the former district, the increase in the area is due to lands newly taken up on Durkhast and the decrease in assessment to the reduction‖ of Rupees 16,635-7-8 in the assessment on dry lands irrigated by private wells. In the latter district, the cause of this result is stated to be that the lands newly taken up bore a lighter assessment than those relinquished.

12. In the wet holdings, the net result shows an increase of Acres 4,469, but a decrease in assessment of Rupees 50,312. The most marked relinquishment occurred in the Kistna District,

amounting in extent to Acres 21,838 and in assessment to Rupees 1,19,620, and occurred mostly in one talook, Gudiwada, lying immediately under the Kistna anicut. This result is attributed by the Collector to various causes: one is the deterioration of the soil by Chavudu or the efflorescence of salt caused by the action of fresh water on regur soil, another is the insufficient capacity of the channel to supply irrigation to a constantly increasing breadth of cultivation, and another, which is stated to be a most potent one, is the enhancement of the wet assessment by the introduction of the new settlement rates. The variations under wet land in several districts were small and require no notice.

13. RYOTWARY—*Lands brought under Cultivation.*—Out of the holdings noted in the beginning of paragraph 11, the actual cultivation was as shown by the marginal figures. Compared with the previous year, the result was a net increase of Acres 2,25,465, and assessment Rupees 1,92,305. There was an increase in twelve and a decrease in seven districts in the *extent* brought under cultivation. The chief among the former are those noted in the margin.* Among the latter, South Arcot is conspicuous, the decrease in cultivation being Acres 26,180.

	Acres.	Assessment. Rs.
Fusly 1277	1,69,35,060	3,24,03,609
„ 1278	1,71,60,525	3,25,95,914
Increase..	2,25,465	1,92,305

NOTE.—Includes South Canara without extent.

Madura	32,784
Cuddapah	28,018
Tanjore	22,432
Malabar	16,221
Nellore	17,632

14. RYOTWAR—*Land left waste.*—Out of the lands occupied as noticed in paragraph 11, Acres 20,52,340, assessed at Rupees 29,54,862 were left waste; of this the ryots were made to pay for Acres 16,68,799, assessed at Rupees 17,55,227, and the Government relinquished their dues upon Acres 3,83,541, assessed at Rupees 11,99,635.

	Acres.	Assessment. Rs.
Fusly 1277	20,70,550	30,50,384
„ 1278	20,52,340	29,54,862
Decrease...	18,210	95,522

15. RYOTWAR—*Waste charged.*—The comparison with the preceding Fusly shows a net increase of Rupees 2,23,755, resulting from a gross increase of Rupees 2,79,346 in 14, and a gross decrease of Rupees 55,591 in 5 districts. Of the waste thus charged, Rupees 13,08,486 were on dry and Rupees 4,46,741 were on wet land. The districts in which this sum was chiefly charged were those noted in the margin. Much dry waste is retained for pasturage in several of the districts. The increase over last year, in the item of waste charged, which is observed to occur chiefly in the districts noted in the margin,* does not require particular explanation, because, as a rule, no remission is granted on dry waste in ordinarily good years.

16. RYOTWARY SETTLEMENT.—The actual Ryotwary settlement is formed by deducting from the total holdings the waste remitted as alluded to in paragraph 14 and adding to the actual cultivation (1) the portion of the waste, charged (2) the assessment on account of second crop cultivation, (3) additional assessment water-tax, and (5) miscellaneous items, all of which will be briefly alluded to hereafter, and deducting therefrom on account of (1) Occasional Remission (2), Fixed Remission, and (3) on account of Village Establishments and sundry other objects.

17. The settlements of Ryotwar Revenue thus made for the fusly under report amounted to Rupees 3,72,57,740, against Rupees 3,61,81,088 in the preceding year, resulting in an increase of Rupees 10,76,652, as will be seen from the following comparative abstract.

18. RYOTWARY SETTLEMENT—*2nd Crop Cultivation.*—The revenue derived from the cultivation of two crops upon land assessed for a single crop was for the year under review Rupees 5,32,297, against Rupees 4,76,734 in Fusly 1277. The districts from which this item of revenue is chiefly derived are named in the margin. The increase obtained in Fusly 1278 was chiefly in Bellary and Cuddapah owing to the favourable season.

	Rs.
Fusly 1277	4,76,734

Cuddapah	45,834
Salem	36,493
Bellary	35,448

20. RYOTWAR SETTLEMENT—*Water Tax on Government land*—The revenue from water-tax was Rupees 9,40,792, against Rs. 9,40,378, and was derived chiefly from the districts named in the margin. It is levied for the most parts in the Delta Talooks dependent upon the irrigation of the Godavery and Kistna anicuts. In the Godavery District, however, there was a large decrease as compared with the previous year, namely, Rupees 34,095, which is attributed by the Collector to the ryots having irrigated their dry lands to a much less extent than last year. In the Kistna District, however, there was an increase amounting to Rs. 17,552.

22. RYOTWAR SETTLEMENT—*Remissions on land left waste.*—The remissions on account of entire fields left waste amounted to Rupees 11,99,635, and were less than last year by Rupees 3,19,277. This result is due to the more favourable character of the season of Fusly 1278. The remissions of the year were chiefly distributed over the districts named in the margin. It will be observed that the remissions were for the most part on wet lands, and occasioned by the failure of water. In fact, out of Rupees 12,00,000, nearly Rupees 10,00,000 were remitted on wet.

† Board's Proceedings, 1st March 1869, No. 1,341.

23. RYOTWAR SETTLEMENT—*Remissions, Occasional.*—The Occasional Remissions which are granted on cultivated fields amounted in Fusly 1278 to Rupees 15,07,027, and consisted mainly of the items noted in the margin. They were granted chiefly in the six* districts which were most injuriously affected by the scantiness of the monsoons. It is superfluous to remark that the remissions were mostly on account of wet crops. The only exception of any consequence was in the sub-division of Madura, where, under the special† authority of the Board, remissions to the amount of Rupees 79,000 were granted for loss of dry crops.

24. RYOTWAR SETTLEMENT—*Remissions of a fixed character.*—The fixed remissions consist of a variety of petty deductions which are made out of the Ryotwar Demand from year to year, irrespective of the season. The chief of them are noted in the margin, and occur in the districts of (1) Madras; (2) Cuddapah; (3) Salem; (4) Malabar; and (5) South Arcot. The increase compared with Fusly 1277 was chiefly in the districts of Madras and Malabar, namely, Rupees 6,428 and Rupees 6,840. In the former district it was owing partly to the relaxation‡ of the Tope Rules in favour of some casuarina and firewood plantations, and partly in the item 2nd Crop assessment on wet land irrigated by private wells, on which larger§ remissions than usual had to be given in consequence of the scarcity of water in the Government tanks. In the latter district, Malabar, the increase was in the remissions granted on coffee land in the Wynaad abandoned by the owners.

‡ Rupees 1,466.

§ Rupees 4,918.

25. RYOTWAR SETTLEMENT—*Deductions from Beriz on account of the remuneration of Village Servants, Road Cess, and sundry other purposes.*—These deductions are made in satisfaction of established claims on the Beriz. They amounted in the fusly under review to Rupees 8,50,896, and were in excess of the previous year by Rupees 1,62,475. The chief items composing them are noted in the margin. The first item occurs in several districts, chiefly South Arcot, Salem, Tanjore, and North Arcot. The second item is principally in Tinnevelly, being Rupees 80,561. The third item occurs chiefly in Trichinopoly and Godavery, being Rupees 27,793, and Rupees 26,667 respectively. The increase over last year is almost entirely under Merah to Village Servants, and arises from the fact of the pay of Village servants having been for the first time deducted from the Beriz in the districts of Tanjore, Godavery, and Tinnevelly.

26. Entire Land Revenue Settlement, including Permanently Settled Revenue, Jodi, and Miscellaneous.—Having elucidated in the foregoing paragraphs the main features of that portion of the Land Revenue which is under Ryotwar Settlement, the Board will now proceed to notice briefly those portions (1), which are Permanently Settled; (2), those which are derived in the shape of Jodi and Quit-rents from Inam villages held on favourable assessments; and (3) those derived from Sundry Miscellaneous Sources.

Annexed is an abstract of the revenues derived from those sources in Fusly 1278 compared with Fusly 1277. Stated in round numbers, the revenues under each head were—

			2,831
Net increase...			13,663

29. Land Revenue—*Shrotriem Jodi, etc., and variations therein.*—Compared with the preceding Fusly, there appears an increase of Rupees 2,611, the whole of which occurred in the district of Vizagapatam in consequence of certain items erroneously credited to Land Revenue Miscellaneous being this year transferred to the proper head. The number of favourably assessed villages which contribute this revenue is 4,305 in the Presidency.

	Rs.
Fusly 1277.....	6,68,117
,, 1278.....	6,70,728
Increase.....	2,611

30. Land Revenue—*Ryotwar, and variations therein*—In the Ryotwar Revenue there was an increase compared with last year of Rupees 10,36,966, resulting from a gross increase of Rupees 12,93,714 in twelve, and a gross decrease of Rupees 2,56,748 in eight districts. These contrary results are both directly due to the character of the season. Where it was favourable, there was not only extension of cultivation, but less necessity for remissions. Where it was unfavourable, the cultivation was contracted, and large remissions had to be given for loss of crops. A portion of the decrease in the Godavery District and the entire decrease in Tanjore and South Canara, are in consequence of the deduction for the first time from the Land Revenue Beriz, of the salaries of village establishments.

	Rs.
Fusly 1277.....	3,27,25,661
,, 1278.....	3,37,62,627
Increase.....	10,36,966

31. Land Revenue—*Miscellaneous—Variations therein.*—The Miscellaneous Land Revenue is derived from a variety of sources, the more important of which are detailed in the margin. Compared with last year, there is increase observed in some items and a decrease in others. Among the former, is the sum of Rupees 89,425 appertaining to the district of Malabar, being the collections on account of the sale of escheated lands for the first time credited to Land Revenue. Among the latter, there is a sum of Rupees 1,36,877, being a falling off in the rent of Islands in the Godavery, due partly to the introduction of the new Survey and Settlement rates, and partly to certain lunkas having been left unoccupied in consequence of the bad outturn of the Tobacco crop on them in the preceding season. In the district of Madura, the revenue from enclosed waste hitherto exhibited among the Miscellaceous items, was transferred to Ryotwar proper, and thus caused an apparent decrease of Rupees 15,095 under the head "Revenue from lands assessed at favourable rates."

*.	2,979
†.	8,925
‡.	3,065
§.	1,033

The extent is Acres 57,467 with a standard assessment of Rupees 41,973, but paying under the terms of the Cowle tenure only Rupees 14,444. It is found chiefly in Ganjam,* Salem† Malabar‡, and Coimbatore§.

33. Land Revenue—*Special Items, Villages Settled on Amani Tenure.*—There are 10¼ villages altogether in the districts of South Arcot, Tanjore, and Madura, in which the revenue is settled chiefly on a division of the produce. The money-rents collected in these villages amounted in the Fusly under review to Rupees 5,370, and the commuted value of the Government share of the produce, after deductions, to Rupees 3,745, making together a total of Rupees 9,115 as the revenue under Amani settlement.

34. Land Revenue, Special Items—*Cultivation of special crops.*—The extent of cultivation under Sugar-cane, Cotton and Indigo, is shown in the subjoined abstract statement. Compared with the previous year, there was a falling off under the first two and an increase under the third. The decrease in the sugar-cane cultivation was general throughout all districts but six, and was owing to the want of water. The decrease* in cotton cultivation was chiefly in the Ceded districts and Kistna, and is attributed partly to the season, and partly to the ever varying state of the cotton market. The prospect of a good Jonna crop in those districts was not improbably another active cause of the neglect of cotton. In the districts of Godavery and Tinnevelly, a large increase under cotton is observed, and is no doubt due to the active demand at the ports of Cocanada and Tuticorin. The large increase* in the acreage under Indigo accrued chiefly in Cuddapah, Bellary, and Kurnool, and was owing to the favourable season and a greater demand in the market. There was considerable falling off in North Arcot† and South Arcot‡, in consequence of the failure of rains.

Note.—Waste charged, second crop and additional assessment and water-tax are not taken into account in the average.

36. Extra Sources of Revenue.—The Board now proceed to notice the revenue derived from other sources than land, namely, 1 Abkarry, 2 License-tax and Income-tax, 3 Salt, 4 Sea-Customs, 5 Land-Customs, and 6 Stamps. The subjoined abstract exhibits the revenue derived from each in comparison with Fusly 1277, the result being a net increase of Rupees 8,22,635:—

Sources of Revenue.	Fusly 1277.	Fusly 1278.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
1. Abkarry	53,27,863	49,05,543	.....	4,22,320

Total...	225,9[illegible],012	234,13,647	12,86,385	4,63,750
		Net...	8,22,635	

37. Abkarry.—The variations in each will now be noticed. In the Abkarry Revenue there was an increase in ten districts and a decrease in as many, amounting, respectively, to Rupees 1,33,260 and Rupees 5,55,580. The districts in which these variations chiefly occurred are named in the margin. The increase in the Madras District is ascribed to the increased sale of Arrack in the Town, owing to the extensive Public Works under execution in its vicinity. The increase against the Neilgherry District is nominal. In the Godavery District, the increase is attributed to the Abkarry having been let out by Government officers to sub-renters at enhanced rates. The large decrease in Bellary is more nominal than real, as the rental of the previous years was never realized and the farms had to be re-sold at great loss to Government. The biddings for Fusly 1278 were consequently marked by greater caution, and resulted in the revenue reverting to its former state. Nearly half the falling off in the Coimbatore District was nominal, being merely a transfer to the newly formed Neilgherry District, and the rest was owing to the reduction made in the amount of rent under Board's sanction, in consequence of losses sustained by the contractor. The decrease in South Arcot was chiefly owing to the reduction of the rent under sanction of the Board in consequence of a want of competition at the sale of the Farm.

	Rs.

38. License-Tax.—The law under which the License-tax was administered was in force only for nine months of Fusly 1278 when it was superseded by Act IX. of 1869. The comparison, therefore, with the full year of the previous Fusly, shows a falling off.

	Rs.
Fusly 1277.....	5,48,941
„ 1278.....	5,07,511
Decrease...	41,430

39. Income-tax.—This tax came into operation from the (1st April 1869) last quarter of the Fusly, and the revenue* exhibited under it consists only of deductions made from the salary of Government officials.

* Rupees 73,900.

40. Salt Revenues.—In the revenue from salt there was an increase of Rupees 6,36,002, of which more than 5 lacs were contributed by the Kistna (*a*) and Madras (*b*) Districts. The increase in the former district was due to a large demand from Hyderabad, where the large stores of salt of Fusly 1277 were exhausted. The increased sales in Madras are ascribed to the further extension of the North-West Line of railway, to the improved condition of the approaches of the Salt Depôt, and to a large demand for exports. There was also a considerable increase in South Arcot (c) and Malabar (*d*). In the former it is stated to have been due to larger home consumption and to the absence of any reduction in the prices, such as was exceptionally permitted in Fusly 1277. The increase in Malabar is ascribed to larger sales having been effected on discount to merchants carrying salt to Coimbatore and other places. The only districts in which there was any considerable falling off were Tanjore and Madura. In the former it is ascribed to several causes, such as the sales in the Southern and Northern extreme Salt Pans having been exceptionally large in the preceding year, and

the Great Southern India Railway having to compete with the Madras Line at a disadvantage with regard to cost of carriage of salt to western districts. The decrease in Madura is attributed to the closing of two salt stations, and also to the insufficiency of the supply at Vattanum to meet the increased demand.

41. SALT—*Quantity received into store.*—Compared with the preceding season, the quantity in store at the beginning of the year was more by Maunds 76,632, but that manufactured and received into store fell short by nearly 4¼ lacs of maunds. This falling off occurred chiefly in the Madras* District, and is attributed to the fact that the Ennore bar was not opened until April 1869, up to which time the manufacture in the Northern Pans was suspended. To compensate for this there was considerable increase in some districts as noted in the margin, owing, no doubt, to the more favourable character of the season for manufacture in those districts.

42. SALT—*Quantity sold.*—The sales of Fusly 1278 exhibit, in quantity, an increase of Indian Maunds 5,17,911 in about equal proportions under each head of Home Consumption, Inland Consumption, and Exports, as shown below:—

Fuslies.	Home Consumption.	Inland Consumption.	Exports.	Sold to French Government.	Total.
	IN. MDS.	IN. MDS.	IN. MDS.	IN. MDS.	IN. MDS.
1277	33,09,328	31,18,541	1,85,828	55,865	66,69,562
1278	34,56,572	33,05,403	3,70,470	55,028	71,87,473
Increase or Decrease...	+1,47,244	+1,86,862	+1,84,642	—837	+5,17,911

The causes of the increase under each head have been already stated in paragraph 40. The large increase in the "Exports" which occurs almost entirely in the Madras District, was due to larger exportation to Calcutta. The Collector states that the whole of the salt at Covelong was purchased by a single merchant and shipped to that port.

43. SALT—*Wastage.*—The quantity of salt wastage written off the accounts within the Fusly under report was Indian Maunds 2,26,447 which included Indian Maunds 1,71,053, the wastage of Fusly 1276, and Indian Maunds 55,394 on account of Fusly 1277. The whole wastage on account of Fusly 1277, viz., 1,63,566, was not fully adjusted within the Fusly under report, in consequence of the late dates on which the final sanction of Government was communicated to some districts. The particulars of wastage in the several districts are shown in the annexed abstract. In eight districts the per-centage of wastage is below 5, and calls for no remark. In the four districts named in the margin it exceeded 5. The large wastage of Tinnevelly is stated to have resulted from the practice of over-storing having been strictly put a stop to, and from the fact of Superintendents, from fear of punishment, storing the salt with scrupulous accuracy. In Godavery it is ascribed to the circumstances of the salt of Fusly 1276 having been received into store weighed by inaccurate machines and disposed of by more accurate machines in Fusly 1278. It is also stated as a reason that some of the salt was in store for upwards of two years. In Tanjore also the comparatively high wastage is ascribed to the wear in bulk, wrought by time, and to the carriage of it by canal from Vedarniem and re-storing at Negapatam. The slightly higher wastage in the Kistna District does not seem to call for special explanation. The Board consider the reasons assigned by the Collectors for the large wastage in certain districts on the whole valid and therefore recommend that sanction be accorded for writing off the wastage of salt in all the districts, amounting to Indian Maunds 1,93,527-13.

44. SALT.—*Proportion of Salt charges to Salt Revenue and Net Revenue from Salt.*—The figures annexed in the margin show the Gross Revenue, Gross Charges, and Net Revenue from Salt, in comparison with the preceding Fusly. It will be observed that there was an increase in the Net Revenue to the amount of Rupees 5,32,974, and that the ratio of charges to Gross Revenue remained the same as in the preceding, year viz., 12 per cent. The proportion of each item of charge to the whole was as indicated by the following figures:—

Fusly.	Revenue.	Charges.	Ratio of charge.	Net Revenue.
1277	105,59,137	12,80,916	12	92,78,221

				Net...	1,05,144	

The considerable variations observable in some of the districts are ascribed to the payment of the Kudiwaram of the previous year in Fusly 1278, and to larger quantities manufactured during the year. In South Canara it was due to larger purchases of salt. The total charges of the year under each head on account of salt are exhibited in the subjoined statement, in comparison with the preceding year.

45. SEA CUSTOMS.—The Revenue from Sea Customs amounted to the nearly 26 lacs of Rupees or 1¼ lacs more than in the preceding year, and the increase of the Revenue occurred in every district except South Arcot. In the five districts named in the margin, the increase was considerable, especially at the Port of Madras. The Import Duty contributed Rupees 15,54,501 and the Export Duty Rupees 10,08,995. The collections at the Port of Madras alone were, under the former head, Rupees 12,86,409, and, under the latter, 2,08,954. The chief articles of trade yielding these duties are noted in the margin. The increase of Customs collections was, as already observed, chiefly at the Port of Madras, and was due to the increased importation of cotton twist and yarn, cotton piece-goods, etc., and also to the increased exportation of hides and skins, indigo, and seeds of sorts. The increase in Malabar was in consequence of large shipments of cocoanut oil from Cochin to English Ports. The falling off * in South Arcot was caused by a less exportation of paddy, rice, and indigo, and less importation of nuts.

48. Entire Current Demand, Collection and Balance under all Sources of Revenue.—The entire Demand, Collection, and Balance under all sources of Revenue on account of the Fusly under report are exhibited in the annexed abstract, from which it will be observed that the total Demand was Rupees 664,88,637, the Collection within the Fusly Rs. 614,57,261, and the Balance at the end of the Fusly Rupees 50,31,376. This balance was reduced by subsequent collections up to October 1869 to Rupees 12,73,638, which bears a ratio of 1·9 per cent. to the Demand.

49.—Current Balances.—*Permanently Settled Revenue.*—The balance of Permanently Settled Revenue at the end of October 1869 was Rupees 2,86,533, and was distributed over the districts noted in the margin. The greater part of this was against two districts, viz; Madura and Salem. In the former the balance was against the Ramnad Zemindar and is allowed to remain in abeyance, pending the disposal of the proposition now before Government, to place that Estate under Government management. In Salem it was outstanding against certain Mocttahs, and measures had been adopted for its realization.

	Rs.
Canjam	1,612

Salem	42,395
Total...	2,86,533

50.—Current Balances.—*Shrotriem Jodi.*—The balance of Shrotriem Jodi was Rupees 29,671, and chiefly against the three districts noted in the margin. The ratio to Demand was about one-third in the first and one-ninth in the other two districts. The Board, however, observe that in North Arcot there remained only Rupees 2,901 at the end of January 1870, and that in the other districts the balances were also very much reduced.

	Rs.	Ratio to Demand.
North Arcot	8,490	⅓
Madras	8,104	⅑
Salem	4,740	⅑

51.—Current Balances.—*Ryotwar.*—The balance under the head Ryotwar was Rupees 6,16,216, and was due chiefly in the districts noted in the margin. The balance against North Arcot was very large being 14 per cent. of the Demand, and is explained by the Collector to be due to the indulgent policy which has been forced on the Tahsildars by a long series of unfavourable seasons.

	Rs.
North Arcot	2,30,654
Nellore	69,590
South Arcot	65,433
Madras	53,576

52. Current Balances.—*Land Revenue Miscellaneous.*—The balance of Rupees 3,05,040 under the head Land Revenue Miscellaneous was spread over all the districts, except Malabar, and was large in the four districts noted in the margin. No particular causes are shown by Collectors for these balances, but it is stated that due measures have been adopted for their prompt realization.

	Rs.
Godavery...	83,094
Kistna	61,564
North Arcot	53,387
Madras	33,648

53. Current Balances.—*Abkarry.*—The balance of Abkarry Revenue was Rupees 35,591, of which Rupees 25,589 was against the Madras District, due by the late Abkarry Contractor and withheld by him pending the disposal of certain claims to compensation now before Government. The balance in other districts was small and needs no remark.

54. Current Balances.—The balance under License, *Cum* Income-tax and Salt is too small to call for notice.

	Rs.
Income tax	19
License tax	416
Salt...	172

55. Arrears.—*Entire Demand, Collection, and Balance under all sources of Revenue.*—The subjoined table exhibits the Demand, Collection and Balance of arrears of Land and other sources of Revenue up to the end of October 1869.

Items.	Demand.	Collection.	Remissions.	Subsequent Collections and Remissions.	Balance. Recoverable and doubtful.	Balance. Irrecoverable.	A.	P.	Balance. Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.			Rs.

It will be seen from the above that the amount outstanding at the beginning of the Fusly was Rupees 64,83,683, whereof Rupees 52,62,951 were recovered within the Fusly, and that there remained at the end of the Fusly Rupees 12,20,732, which was further reduced, by subsequent collections up to October 1869, to Rupees 11,13,701. Of this last balance, Rs. 7,85,121 are stated by Collectors to be recoverable or doubtful, and Rupees 3,28,581 irrecoverable. The recoverable portion is due chiefly in the districts noted in the margin.

Salem...	35,821
South Arcot	31,603

56. Arrears Irrecoverable on Permanently Settled.—The irrecoverable arrears under each head will now be noticed briefly. That due by Permanently Settled Estates amounted to Rupees 1,003-2-1, and was outstanding against the same districts as in last year. The balance in the Godavery District was withheld, as has been the case every year, by the proprietor of Billumielli and Bynagudem, in consequence of the non-completion of certain repairs to the Bynakalingula. The balances in Madras and South Arcot recur every year, being balances withheld on account of lands taken possession of by Government. A separate report will be made to Government, with a view to extinguish these balances by corresponding reductions in the Peshcush of the Moottahs.

	Rs.	A.	P.
Godavery	948	12	1
Madras	16	14	7
South Arcot	37	7	5
Total... ...	1,003	2	1

57. Arrears Irrecoverable.—*Shrotriem Jodi.*—The irrecoverable Shrotriem Jodi amounted to Rupees 953-5-11, and was due from seven districts named in the margin. It consisted of quit-rent once charged but afterwards reduced by the Inam Commissioner. In the district of South Arcot, however, the collection of the balance was suspended in compensation for certain Shrotriem land taken up for irrigation channels. In this case also a permanent reduction of Shrotriem Jodi will be separately proposed for the sanction of Government.

58. Arrears Irrecoverable.—*Ryotwar and Miscellaneous.*—The arrears reported by Collectors, after careful scrutiny to be irrecoverable amount to Rupees 3,05,081-9-4, and include Rupees 1,38,143-5-2, being remissions for loss of crops for Fuslies 1276 and 1277, granted after the dates of the settlement, in the districts named in the margin*. Deducting these special remissions, the remainder is only Rupees 1,66,938-4-2 spread over all the district sexcept South Canara.

Vide Board's Proceedings, 30th April 1869, No. 2,921.

59. Arrears Irrecoverable—*Abkarry.*—The irrecoverable arrears of Abkarry Revenue are confined to two districts†, viz., Nellore and Madura, and amount to Rupees 20,994-6-5. The defaulting renter in Nellore has been in prison for two years, and is possessed of no property. Of the balance in the Madura District the greater portion has been already remitted; and the rest is due by the renter of the Dindigul Talook, and is deemed hopeless of recovery.

60. Arrears Irrecoverable.—*Salt.*—The small balance of Rupees 548-6-8 under Salt appertains to earth-salt in Bellary and is due on account of several Fuslies.

61. Entire Arrears Irrecoverable recommended for remission.—The aggregate of the irrecoverable arrears, discussed in the foregoing paragraphs, is Rupees 3,28,580-14-5. As recapitulated in the subjoined Abstract, and the Board request the sanction of Government for its being written off the accounts.

Irrecoverable Balance.

62. ARREARS RECOVERABLE AND DOUBTFUL UNDER RYOTWAR, SHROTRIEM JODI, AND MISCELLANEOUS.—Some allusion has been already made in paragraph 55, to the recoverable portion of the old balances. The districts to which they appertain and the Fuslies for which they are due will be found in detail in the subjoined Statement, as required in paragraph 29 of the Governmen Order, on the last Settlement Report.

Total	342	15	15	455	26	120	461	697	2,007	3,835	14,321	14,116	27,496	69,335	1,17,449	1,67,219	5,75,762	9,94,303	62,511	9,11,791	3,06,035	6,05,756

It will be observed that the total amount at the close of Fusly 1278, was Rupees 9,94,302, and that it was reduced by subsequent collections up to October 1869, to Rupees 9,11,791. The greater‡ portion of the old balances, it will be observed, appertained to the last three fuslies, and to the 6 districts named in the margin. Out of the large balance against the Godavery District, by far the greater portion is stated to be held in abeyance under the Order of the Board quoted in the margin, pending inquiry into a settlement of the question, whether certain Inam and Zemindary lands charged with water-rate were *mamool* wet or not. The large balance against North Arcot is no doubt due to the series of adverse seasons it has been subject to. Deducting the irrecoverable old balances now recommended for remission under the three heads, viz., Rupees 3,06,034-15-3 from Rs. 9,11,791, the balance still left, amounts to Rs. 6,05,756, outstanding chiefly against the districts named in the margin. The Collectors concerned should take steps with a view to adjust these balances at the earliest possible date.

64. GROSS REVENUE AND CHARGES OF COLLECTION COMPARED.—The Receipts of the year having been shown in the preceding paragraph, the marginal figures exhibit the total charges, which amounted to Rupees 62,61,759 or an increase of Rupees 3,73,006 over the preceding year. The increase in the charges of Management was due to the Collectors of several districts having drawn their full pay during the Fusly under report, while in the previous Fusly only deputation allowance had been drawn; and to the increased number of Assistants. The increase on extra charges was chiefly in Salt. The proportion of Charges to Receipts under each head of Revenue was, as shown by the figures in the margin, the ratio of the total Charges to Receipts being 9·4, or nearly the same as last year.

	Management.	Extra charges.	Total.

Processes were issued in 7,559 villages against 48,742 ryots for the recovery of Rupees 6,70,981, and property attached to the estimated value of Rupees 4,58,997. But property actually sold was only of the value of Rupees 1,05,490, of which *land* represented Rupees 72,656 and personal property Rupees 32,834.

66. Miscellaneous Subjects—*Hoonjiram and Palconda Estates.*—It has been usual to notice specially the Hoonjiram and Palconda Estates, in the Vizagapatam District, which are rented out to Messrs. Arbuthnot and Co. for a sum of Rupees 1,56,941. The whole rent was collected with the exception of Rupees 1,538. The marginal figures show the extent of land under each crop in comparison with the preceding year. The cultivation of sugar-cane has been steadily on the increase.

1276	263
1277	381
1278	390

67. Miscellaneous Subjects—*Revenue from sale of waste and escheated land.*—As usual the revenue from the redemption of assessment and quit-rents from the sale of unassessed waste lands under the Rules and from the sale of escheated lands in Malabar are exhibited in the subjoined abstract. The chief item is of course the last. Hitherto the revenue from these sources has been kept out of the Land Revenue and credited to Deposits. From April 1869, however, they have been transferred to the Land Revenue Miscellaneous under the instructions of the Accountant-General, dated 31st May 1869, No. 1,391, and consequently the collections shown in foot-note in Statement No. 6, column 167, do not include the collections of the months of April, May, and June 1869.

Total. ...	2,63,025	2,87,386	24,361	.....

68. Miscellaneous Subjects—*State of the Village and Talook Accounts.*—The Village and Talook Accounts are reported by all Collectors to have been examined by themselves and their subordinates during the settlement, and found on the whole in a satisfactory condition. In the Madras District the Kurnums of many villages are still said to use Tamil figures. The Collectors should insist on the observance of the rule that English only should be used.

69. Delay in the submission of this report.—The Board regret that they have not been able to submit this report before the close of the calendar year, as prescribed by Government in their order on the last year's Settlement Report. The last report from the districts was not received until November 1869, and the pressure of work, in connection with the Revenue and Local Fund

Budgets and matters relating to the deficit which required constant watching and checking the progress of expenditure in the various branches, prevented the examination and compilation of the District Jammahbundy Returns at as early a date as could be wished. The present Report leaves the Board's Office at an earlier date than any of its predecessors within the last five years, and the Board hope to be able to submit the next one at a date considerably earlier, should no extraordinary delay occur in the arrival of the District Reports.

(A true Extract.)

Acting Secretary.

To the Acting Secretary to Government, Revenue Department,
with nine Statements and a file of Collectors' Reports.

Copy to all Collectors,
with eight Statements to each.

Rev. 777/70

Enclosure to
Proceedings of the Board of
Revenue -
to the Secretary to Government
R. D.
Dated 28 Jy. No 1427.

14 May 1870
No 710

Revenue Department

No. 710.

Proceedings of the Madras Government

Under, date the 14 ~~April~~ May 1870

Read the following Pro
of the Board of Revenue

Submitting Report on Settlement and Collection of Revenues of Madras Presidency for Fuely 1278. } H. 28 February 1870. No 14

This report of the Boar
of Revenue on the settlemen
and Collection of the Revenue
of the Presidency for Fuely 1
or the Revenue year ending
30 June 1869 is submitted a
a comparatively early perio
although two months later
than the time prescribed
the order of Govt, dated 11
May 1869. No 1313. The Boa
explain that the latest

District Report did not reach their Office until November last, and that the unusual pressure of work in connection with the preparation of the budgets presented the earlier preparation of the general report. They promise, however, to submit the report of the present year at a much earlier date, should no extraordinary delay occur in the arrival of the District reports. The Board will, however, be requested to enforce punctuality on the part of the Collectors in the transmission of their reports, and the Govt will be prepared to support them in any notice they may deem it necessary to take of delay on the part of the officers in the Provinces.

2. The only territorial alteration of importance made during the year was the formation of the Neilgherry District under Act I of 1868. The number of districts in the Presidency was thus raised from 19 to 20.

3. The gross Revenue of the year amounted to Rs. 66,54,134 against Rs 626,19,420 (inclusive of the License Tax collected in the Town of Madras) in 1867-68. The amount collected was thus in excess of that brought to account in any previous year. The increase of Rs. 35,34,714 was the result of the more favorable character of the season and the enhanced revenue derived from Salt, Sea Customs

	Rs.
July 1873	626,42,913
" 1876	655,37,502
" 1877	626,19,420

Sea Customs and Clamps. The charges amounted to Rs. 62,61,759 or Rs. 373,006 above the expenditure of July 1277, in consequence of the increased number of Residents and the introduction of a higher scale of deputation allowances for Officiating officers - The ratio of total charges to receipts viz: 9·4 was nearly the same as in the previous year. The net Revenue was Rs. 596,92,378 against Rs. 566,59,213 in July 1277

Season

4. The season was on the whole much better than the preceding one. The North East Monsoon was a failure in most of the Northern and Southern Districts, but the freshes in the large rivers in some of them husbanded as they were by the Annicuts, saved the paddy cultivation from destruction. Wet cultivation under rain-fed tanks and dependent on uncertain rain supplies failed. The season in the inland and west coast Districts as also in Tinnevelly and in the greater part of Madura was very good.

Sanitary condition

5. The Board remark that "Public health was remarkably good." This remark

remark is, strictly speaking, correct only as regards Cholera and Small pox. There has been an increase in the deaths from Fever and other diseases and the death rate of the year (15.06 per mille) is slightly higher than that of Fasly 1277 which was 13.95. This result is probably owing to greater accuracy in the Mortuary Returns.

6 The Govt are concerned to learn that cattle also suffered severely from murrain in several districts.

Prices

7 The comparatively low prices of Fasly 1277 have fallen still lower in the case of all dry grains which

constitute the staple articles of food of the poorer classes of the population, and the increase in the price of paddy 2nd sort could not have been much felt. In Ganjam Vizagapatam and Godavery where the N.E. Monsoon failed most, there was a considerable rise in the price of all grains, elsewhere the variations were too slight to have any material effect, the general tendency being downwards.

Ryots Holdings

8. The extent of land occupied on ryotwary tenure in all the Districts, South Canara excepted, was Acres 1,92,12,865 assessed at Rs. 3,41,65,672 against Acres 1,90,05,610 assessed at

at Rs.340,70,855 in Fasly 1277.
The increase under Dry and Wet, making allowance for the Amani lands in Tanjore, brought under Ryotwar Settlement, alluded to in para 10 of the Board's report, is shewn in the margin. The Board have included in the comparison the revenue or assessment of South Canara which vitiates the comparison as there is no corresponding entry of area. Omitting this amount the result is an increase of upwards of 2 lacs of acres, bearing an assessment of nearly a lac and half of Rupees.

	Extent acres	Assessment Rs.
Dry	+202,768	+ 145,013
Wet	+ 4469	- 50,312
Total	+207,237	+ 94,701

9. Under "Wet" there was an increase of more than 4,400 acres in the extent of the holdings, but a decrease of half a lac of Rupees in the assessment.

In the Kistna District alone there was a marked relinquishment of 21,838 acres assessed at Rs 119,620. Among other causes for the abandonment of this large extent of land the Board allude to the deterioration of the soil by Chavudu or the efflorescence of salt caused by the action of fresh water on

regur

Negur soil and the enhancement of the net assessment by the introduction of the new settlement rates, I fear joint have been fully entered into by Mr C. G. Master in his report on the falling off of cultivation in the Hirisa District, and will receive consideration when the Board's remarks on Mr Master's report are received

and the Govt,

Additional assessment	391,451	4,08,998
Water tax	9,10,378	9,40,792
Revenue of Cont L Canara	1,38,3,138	1,35,5,101
	35743,759	36233,228
Deduct.		
Remissions	30,17,981	24,70,601
	327,25,778	337,62,627

10. The actual Ryotwar settlement of the Presidency amounted to Rs. 33,62,627 against Rs. 32,25,778. The extent of land actually cultivated shows an increase of Acres 225,465, bearing the assessment of Rs. 1,92,305. Under the head "land left waste" there was a decrease of 18,210 acres assessed at Rs. 95,522. These figures and the variations in almost all the other subordinate items of the settlement

settlement given in the margin bear unmistakeable evidence of improvement.

11. The "Occasional and Waste" remissions which vary with the character of the season show a decrease, indicating the generally successful issue of the year's labour. The remissions would have been still less but for the scantiness of the monsoon in six of the twenty Districts.

Remissions.

	Fasly 1277	Fasly 1278
Waste remissions	1,518,912	1199,635
Occasional remissions	23,31,759	15,07,037

12 The remissions of a fixed character and deductions from the collections on account of the remuneration of Village Servants do not need no particular notice. The large increase under the latter head is owing to the pay of village servants having been for the first time deducted from the assessment in the Districts of Tanjore, Godavery, and Tinnevelly.

	Remissions of a fixed Character	Deductions from Reviz.
Fasly 1277	97,801	688,421
" 1278	1,12,678	850,896
Increase	14,877	1,62,475

Deishmukh or Zemindary Revenue.

13. The Permanently settled Revenue of the year from Zemindaries and

and Mootahs amounted to Rs. 5146,522 against Rs. 5132,859 in Fasly 1277. The increase of Rs. 13,663 was the result mainly of the collection of water rate in the Goodoor Durgamah, and the restoration of two estates in the Kistna District to the persons who claimed them.

14. The increase of Rs. 2,611 under the head of Shotrium and Inam Quitrent is nominal and consisting merely of a transfer to this item from Land Revenue

Shotrium & Inam Quit Rent.	
Fasly 1277	6,68,117
1278	6,70,728
Increase	2,611.

Miscellaneous.

Revenue Miscellaneous to which the sum was formerly erroneously credited.

15. The Revenue from the various minor items classed under this head amounted to Rs. 34,95,113 against Rs. 34,55,311 in Fasly 1277. The increase is the combined result of the sum of Rs. 89,425, the sale proceeds of escheated lands in Malabar having

having been credited for the first time to Land Revenue, and to the decrease of Rs. 136,877 in the rents of islands in the Godavery District. The decrease was due partly to the introduction of the new Settlement rates and partly to certain lunkas or Islands in the rivers having been left unoccupied in consequence of the bad cultivation of the

the tobacco crop on them in the previous season.

11. The total Land Revenue demand of the year under all heads amounted to Rs. 430,74,990 against Rs. 419,81,948 in fasly 1277. The increase was Rs. 10,93,042.

Special Products.—17. There was a decrease in the cultivation of Sugar-cane and Cotton which the Board attributed in the case of the former to want of water in several districts & in that of the latter partly to the season & partly to the ever varying state of the market. The prospect of a good Jonna crop in the Ceded Districts appears to have also checked the cultivation of cotton. The cultivation of Indigo in Cuddapah Bellary & Kur-nool was also largely influenced by an increased demand in the market for that article.

	fasly 1277	fasly 1276
Sugar-cane	41,738	39,771
Cotton	1486,861	1341,265
Indigo	116,880	162,015

18. The demand on account of Sundry sources of

of Revenue is shown in the subjoined table –

Items –	Fusly 1277 –	Fusly 1276 –	Difference –
Abkarry	53,27,863.	49,05,543.	– 4,22,320.
Income tax	"	73,900.	+ 73,900.
License tax	6,48,941.	5,07,511.	– 41,430.
Salt	105,62,247.	111,98,249.	+ 6,36,002.
Sea Customs	24,11,881.	25,88,750.	+ 1,77,396.
Land Customs	1,51,606.	1,89,756.	+ 38,150.
Stamps	35,89,001.	39,49,938.	+ 3,60,937.
Total –	225,91,012.	234,13,647.	+ 4,63,760.

Abkarry –

1. The decrease of nearly 4¼ lacs under Abkarry was the combined effect of an increase of Rs 1,33,260 in the districts and a decrease of Rs 5,55,580 in as many, but less falling off in the branch of revenue in the year under report was chiefly confined in the first half year –

Income & License Taxes –

2. The Income Tax which was in operation on during the last three months of the Fusly superseded the License Tax which was collected

collected upto that time, and the Revenue entered under the former head consists only of deductions made from the salaries of Govt officials – No fair comparison can therefore be instituted under these heads –

Salt –

3. The demand under "Salt" shews the large addition of Rs 6,36,000 to the Revenue of Fusly 1277 which has occurred chiefly in the districts noted in the margin – The sales in the first two districts effectively were chiefly influenced by the demand from Hyderabad in consequence of the stores there

	Rs
Kistna –	3,68,941.
Madras –	1,32,317.
South Arcot –	53,003.
Malabar –	76,695.

these having been exhausted and by the further extension of the North West line of Railway towards Bellary - compared with the collections of the last five years, the Revenue under this head (Rs 111,98,247) is more than that realized in any year except Fasly 1276 and exceeds the average of those years by more than 8¼ lacs -

22 The quantity of Salt sold in the year was 715,473 Indian Maunds against 66,69,562 in Fasly 1277 - the balance in store at the close of the former year was not only less than the balance of Fasly 1277 but was also below the average of the previous five years by more than 9 2/4 lacs

	Rs
1273 -	94,78,845.
1274 -	99,17,221.
1275 -	162,85,487.
1276 -	115,67,979.
1277 -	105,62,247.
Total -	518,31,779.
Average	103,66,356 -

Fasly 1277 -	9610,067.
" 1278 -	86,80,686.
decrease -	9,29,421.

lacs - This decrease is owing chiefly to the quantity manufactured having on the whole fallen short by nearly 4¼ lacs of Maunds the falling off in the Madras District alone amounted to no less than 6¼ lacs of Maunds in consequence of the manufacture in the Northern pans having been suspended till April 186. from the fact of the Revenue bar not having been opened until that time. The Board will be requested to take early steps in the present year to guard against a similar contingency reducing the quantity in store below the usual standard -

23. The charges of the Salt Dept^t amounted to Rs 12,80,060 against Rs 12,80,916 notwithstanding the

the small quantity so manufactured. An ex-
-amination of the figures in the latter part of para 44 of the Board's report shows that while there was a large decrease under all items more or less affected by the grad-
-ually manufactured, there was an increase of Rs. 61,348 under "Purchase and manufactures" share" owing, as the Board remark, to the payment of the Kudiwaram of the previous year in July

Demand 111,98,249.
Deduct bal-
-ance = 994.
Actual Col-
-lection = 111,97,255.
Deduct ex-
charges = 18,86,060.
net Rlne = 98,11,195.

* 1273 = 84,74,958.
1274 = 85,19,728.
1275 = 86,77,589.
1276 = 101,70,053.
1277 = 92,78,221.
Total = 4,51,20,499.
Mean = 90,24,099.

1278 = The entire Land Rev-
-enue of Rs. 46,957 under
"Petty construction and
Repairs" also appears
nominally under the
increase from the ab-
-sence of a similar
item of charge in the
returns of 1277 =

24 The net Land
Revenue of the year
amounted to Rs. 98,11,195
showing an increase of
Rs. 6,32,974 over the
net Revenue of July
1277, and of 7,87,000 over
the average net Revenue
of

of the last full year.

25. The total wastage of Salt in the year was Indian Maunds 1,93,527 and under the explanation given by the Board in para 43, sanction is granted for writing off this quantity.

The

Sea & Land Customs.

	Rs
Sea Customs —	1,77,396
Land Do —	38,150.
	2,15,546

26. The aggregate increase of Rs 2,15,546 under these heads is the result of the general improvement in trade throughout the Presidency except in South Arcot in which District there was a falling off of Rs 21331 in the collections.

Stamps.

27. The Stamp Revenue shows an increase of Rs 3,60,937 which is attributed to the number of stamps required for the renewal of the Abkarry leases as also to the gradual progress of trade and the increase of the wealth of the country.

Demand, Collection & Balance of Current Revenue.

28. The total demand on account of all sources of Revenue amounted to Rs 664,88,637

of

of which Rs. 614,57,261 or a little more than 92 per cent was collected within the Fasly. The subsequent collections upto October 1869 amounted to Rs. 37,57,738, leaving a balance of only Rs. 12,73,638 or less than two per cent.

9. This punctuality in the collection of the Public Revenues is highly creditable to the Revenue officers. The explanation given by the Board of the outstanding balances requires notice. The balances of Peishcush against

against the Ramnad Zemindary amounted to Rs. 2,05,759. The Board state that the collection from this estate is allowed to remain in abeyance pending the disposal of the proposition to place it under Government management and the arrear may continue to lie over. The balance due from the late Abkary renter of the Madras District too should not be allowed to stand over. The Govt. in their order dated

dated 11th February 1870.
requested the Board to
ascertain the grounds
on which the addition-
al lease of one year
was conceded to him,
and to obtain the original
or copy of the Petition
presented by him on the
subject. This order
should receive im-
mediate attention
and the Board
, will consider whether the
arrears cannot be re-
covered from the renter
leaving any compensation
claimed

claimed by him for future
settlement.

Demand, Collection and Balance of arrears.

80. The total demand on account of arrears amounted to Rs 62,83,653 at the commencement of the Fasly: Deducting the collections and remissions both within and subsequent to the Fasly upto 31st October 1869, the balance left was Rs 11,13,701, and of this, the sum of Rs 3,28,580-14-5 is stated to be irrecoverable.

81. Under the explanation given in paras 56 to 60 of the Board's report, sanction is granted for writing off the entire amount of Rs 3,28,580-14-5.

82. The recoverable and doubtful balances should be

be determined as soon as possible. The Fuslywar statement appended to para 62 of the Board's report does not give the particulars necessary to enable the Govt. to ascertain the districts in which old items remain unadjusted at the close of the Fusly for which the report is submitted as required in para 29 of the order dated 11th May 1869, No. 1313. As remarked by the Board the Collectors should take steps to adjust these balances at the earliest possible date.

33. The resort to the coercive process during the year was rare considering the increased Revenue

	Fusly 1277	Fusly 1278
Number of persons against whom processes were issued	58,344.	48,742
Revenue realized by actual sales	133,631.	105,490.

Revenue realized in Fusly 1278. The comparison of the number of ryots against whom processes were issued and of the revenue collected by actual sales with the figures of Fusly 1277 under the same heads as shown in the margin, is very satisfactory.
