*Proceedings of the Madras Government, Revenue Department,
26th March 1866.*

No. 423. Read the following Proceedings of the Board of Revenue, dated 22nd February 1866, No. 1,286 :—

Read the following letter from the Collector of Coimbatore, to the Secretary to the Board of Revenue, dated Ootacamund, 11th January 1866, No. 3.

1. I have the honor to report, for the information of the Board, on the result of the experimental cotton cultivation carried out in this District in Fusly 1274, in the manner directed in His Excellency the Governor's Minute, dated 29th October 1861, communicated in the Board's Proceedings, No. 5,995 of the 1st November following.

2. Seven of the Ryots, referred to in the list submitted with my letter of the 8th August 1862, No. 161, undertook the cultivation of cotton in the past Fusly with the best native cotton seed. A Statement shewing the area appropriated for this cultivation, the cost incurred, the quantity of produce gathered, and the net profit derived by each individual is submitted for the Board's information.

3. The aggregate assessment on the several pieces of land, amounting to 119 $\frac{1}{4}$ acres, is Rupees 127-0-2. Of which Rupees 111-9-10 only were remitted during the Fusly. From want of rain, the produce in certain localities was scanty.

4. The assessment, amounting to Rupees 15-6-4, due on the land cultivated by Cortivala Shuckray Mannady of Palvacottay in Dharapuram Talook was not, through inadvertence on the part of the Acting Sub-Collector, remitted. I request the Board of Revenue will be good enough to obtain sanction to refund it to him.

5. Carooppa Gounden, Monigar of Perindoray, has since died. Chinna-tumby Gounden, of Vaniputtoor in Sattimungalum Talook made no attempt to cultivate cotton.

6. Mr. Stanes has reported to me that he did not undertake the cultivation of cotton during the past Fusly, owing to the poorness of the soil and the cotton-destroying insects which abound in the locality.

7. Cortivala Shuckray Mannady, referred to in paragraph 4, reports that he did not undertake the experiment at Perindoray, as he was fully engaged in the cultivation of the land assigned to him in Dharapuram Talook.

8. Specimens of cotton* furnished by the several parties are herewith submitted for the Board's inspection.

* Sent by Banghy.

*Proceedings of the Madras Government, Revenue Department,
