Proceedings of the Madras Government, Public Works Department;

28th November 1865.

No. 649. Read the following Endorsement of the Consulting Engineer for Irrigation and Canal Company, dated Madras, 13th November 1865, No. 115:—

Read the following letter from the Collector of Kurnool, to the Consulting Engineer Madras Irrigation and Canal Company, dated Kurnool, 6th November 1865, No. 55.

As the employment of the Surveyor and two Lascars attached to the Deputy Collector on special duty for making over lands to the Irrigation Company, was only sanctioned for two years, the date of which sanction expires on the 17th of the current month, I have the honor to request that you will obtain the sanction of the Government for continuing their employment for a further term of two years, their services being still imperatively required.

1. Transmitted for the consideration of Government, with reference to their Order No. 1,120 of the 19th April 1864.

2. The services of the Surveyor were engaged from the 18th November 1863.

3. It will be observed that the Collector wishes the Surveyor and Lascars to remain at his disposal for a further period of two years; it cannot be ascertained, at present, in the absence of information as to the intentions of the Board of Directors of the Madras Irrigation and Canal Company, how long it will take to complete the transfer of the land required for the Company's works in the Kurnool District, but including that which will be needed for distribution channels, there can be little doubt that two years will not more than suffice.

4. As there may not be work enough, however, to afford continuous employment to the Surveyor in connection with the land transfer, it is suggested that when not so occupied he might be usefully employed under the Executive Engineer Kurnool, in surveying, &c., for the roads referred to in G. O. No. 3,153 of 21st October 1865.

(Signed) J. MULLINS, Captain, R. E.,
Consulting Engineer for I. & C. Company.

No. 650. ORDER THEREON, 28th November 1865, No. 3,591.

ESTABLISHMENT, No. 64.

1. Under the circumstances explained in the foregoing letter, the sanction of the Government of India will be requested to the continued employment, for two years, of the Surveyor and two of the Lascars attached to the Deputy Collector employed on special duty in connection with the Irrigation and Canal Company in Kurnool.

2. When the Surveyor is not engaged in the measurement of land, he may be employed in the manner suggested in paragraph 4 of the Consulting Engineer's endorsement.

Ordered that the following letter be sent.

No. 400. Read the following Proceedings of the Madras Government in the
Revenue Department:—

Communicating Proceedings of the Board of
Revenue on a letter from the Collector of
Coimbatore, requesting funds to carry out the
repairs required to the Tadapully and Ara-
kanakotah Channels, and observing that Local
Funds are not available for the purpose.

(Here enter 15th March 1866, No. 637.)

No. 401. ORDER THEREON, 19th March 1866, No. 890.

CIVIL WORKS, No. 44.

1. Communicated to the Super-
intending Engineer of the 7th Divi-
sion.

2. The Government have no funds at their disposal for appropriation
to *Repairs*, and they accordingly request the Superintending Engineer to make
arrangements for carrying out the work which is required to the Tadapully and
Arakanakotah Channels by diverting money, in anticipation of formal sanction, from
other repair allotments for his Division.
