No. 474. ORDER THEREON, 28th March 1866, No. 759.

Miscellaneous.

Ordered to be recorded.

(True Extract.)

(Signed) J. GROSE,

Acting Under Secretary to Government.

Exd. S. T. Augustin.

To the Governor General of India in Council -

The Petition of William Graham McIvor Superintendent of the Govt. Botanical Gardens, and Chinchona Plantations, Ootacamund, Nulgherries Madras for leave to file a Specification under Act N° XV of 1859.

Sheweth That your Petitioner is in possession of invention for preparing, and preparing, the different species or varieties of Chinchona Bark for the manufacture of Quinine, Quinidine, Chinchonidine, and other alkaloids, which invention he believes will be of public utility; that he is the inventor thereof; and that the same is not publicly known or used in India or in any part of the United Kingdom of Great Britain and Ireland to the best of his knowledge and belief

The following is a description of the invention, which consists, in carving the growing barks of the stems and branches of the different species of Chinchona &c

arrest, or prevent, the process of oxidation waste, or deterioration in the alkaloids which takes place when the bark is exposed to the full action of light and air.

By the application of this invention the yield of quinine from a given quantity of bark is doubled, trebled or quadrupled, according to the length of time the bark is subjected to the process. While the alkaloids produced are much more pure, and easily separated, than alkaloids obtained from bark by the usual means.

Your Petitioner therefore prays for leave to file a specification of the said invention pursuant to the provisions of Act No XV of 1859.

And Your Petitioner as in duty bound will ever pray.

Sgd W. G. McCahon

Signed Sealed & delivered at Coluemanne on the 16th Day of September 1865 in the presence of
