No. 494. Proceedings of the Board of Revenue, dated 12th March 1866, No. 1,678.

Read the following letter from the Collector of Salem, to the Secretary to the Board of Revenue, dated 17th February 1866, No. 17:—

With reference to your Memorandum of the 4th instant, on the Proceedings of the Madras Government, under date the 21st December 1865, No. 3,827, I have the honor to state that the amount required for the construction of the two roads referred to in the Government Proceedings, may be met from the Local Fund Budget of 1866-67. The balance supposed to remain at the end of the current official year was entered in my Budget at Rupees 5,631; but I am now inclined to think that it will far exceed this amount, as several works have not yet been begun by the Public Works Department. Besides, there is a sum of Rupees 5,360 entered under the "Reserve head" in the Budget, and, at all events, I will arrange to reduce the expenditure on other works so as to make provision for the two works in question, which are of great importance.

Submitted for the information and orders of Government, with reference to their orders in the Public Works Department, dated 21st December 1865, No. 3,827.
