**Proceedings of the Madras Government, Public Works Department,
27th March 1866.**

No. 609. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 14th March 1866, No. 3,594:—

1 Letter from the Accountant General, No. 5,350,
dated 9th March 1866.
1 Letter from the Superintending Engineer, 8th
Division, No. 2,387, dated 5th March 1866.

	RS.
	74,265
Deduct spent up to April 1865	5,060
	69,205

1. I have the honor to submit the following for the consideration and orders of Government.

2. As the sum of Rupees 69,205, available from the surplus Pagoda Funds of the Tinnevely District, was not transferred to the credit of this Department,

the Accountant General, Madras, was addressed by me with a request he would authorize the transfer, pointing out at the same time (the orders on the subject not appearing to be communicated to him) the Fund from which the sum was to be transferred; but that Officer, in reply, remarks that the Order of Government No. 2,757, dated 19th September 1865, quoted by me, sanctioning the three estimates, does not state from what source the funds for the execution of the works are to be provided, but it appears to me paragraph 3 indicates whence funds could be obtained.

3. The Superintending Engineer, 8th Division, in his letter No. 2,387, dated 5th instant, to my address, notices that of the sum of Rupees 69,205 only Rupees 18,000 are required for expenditure in this year, and that this amount and not the former should be the allotment for the works in the current year. He quotes paragraph 1 of the observations of the Governor General in Council, communicated in G. O. No. 444, dated 5th February 1866, in support of this opinion.

4. Under these circumstances, I request you will be good enough to communicate the orders of Government on the subject of the Funds to the Accountant General, and also inform me whether the sum to be transferred to the credit of this Department is the whole amount of the funds, or only such portion as is proposed to be expended in this year.

No. 610. ORDER THEREON, 27th March 1866, No. 990.

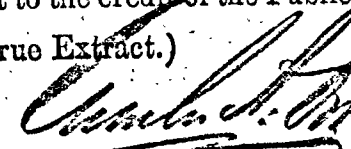

ACCOUNT, No. 75.

1. The Accountant General will be furnished with a copy of the Orders of Government in the Revenue Department,

dated 25th May 1864, No. 892, from which he will observe that the cost of the works which have been sanctioned in connection with the road from Palamcottah to Strivellipootoor in the Tinnevely District should be met from the surplus Devastanum funds.

2. As the Superintending Engineer expects to be able to spend only Rupees 18,000 on the works in question in the current official year, the Controller will arrange for the transfer of that amount to the credit of the Public Works Department.
