Proceedings of the Madras Government, Revenue Department,
10th January 1866.

No. 157. Read the following Proceedings of the Board of Revenue, dated 14th December 1865, No. 8,003.

Read the following letter from the Collector of Madras, to the Acting Secretary to the Board of Revenue, dated Sydapet, 2nd December 1865, No. 397 :—

1. I have the honor to acknowledge the receipt of the Board's Proceedings, dated the 21st November last, No. 7,448, and a bag of Carolina rice for experimental sowing. As, however, it is much too late this year to sow rice, I propose to reserve the seed till next year, when the success, or otherwise, of the experiment shall be fully reported.

2. I see by some of the late Proceedings of Government that a large supply of Carolina rice is expected for seed. I would beg to suggest that efforts be made to secure its arrival in this country by July at the latest, as any later period renders the experiment to grow it almost certain of failure.

3. The seed now supplied I have had carefully hermetically sealed up in a large earthen pot.

Submitted to Government, with the Board's request that steps may be taken to ensure the timely arrival of the expected supply of Carolina rice.

No. 158. ORDER THEREON, 10th January 1866, No. 81.

Miscellaneous.

Ordered to be recorded.

(True Extract.)

(Signed) J. GROSE,

Acting Under Secretary to Government.

To the Board of Revenue.

Exd. S. T. Augustin.

No. 8,003.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 14th December 1865.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to R. A. DAL-YELL, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 2nd December 1865, No. 397:—

1. I have the honor to acknowledge the receipt of the Board's Proceedings, dated the 21st November last, No. 7,448, and a bag of Carolina rice for experimental sowing. As, however, it is much too late this year to sow rice, I propose to reserve the seed till next year, when the success, or otherwise, of the experiment shall be fully reported.

2. I see by some of the late Proceedings of Government that a large supply of Carolina rice is expected for seed. I would beg to suggest that efforts be made to secure its arrival in this country by July at the latest, as any later period renders the experiment to grow it almost certain of failure.

3. The seed now supplied I have had carefully hermetically sealed up in a large earthen pot.

Submitted to Government, with the Board's request that steps may be taken to ensure the timely arrival of the expected supply of Carolina rice.
