*Proceedings of the Madras Government, Revenue Department,
17th April 1866.*

No. 213. Read the following Proceedings of the Board of Revenue, dated 5th April 1866, No. 2,278:—

Read the following paper from the Deputy Collector in charge of the Treasury, to the Secretary to the Board of Revenue, dated Nellore, 28th March 1866.
Statement shewing the state of the season in the District of Nellore, up to 15th March 1866.

Rain-fall.	State of the crops, and the cultivation operations.	Prices whether high or low, rising, falling or stationary.	Further remarks.
There was no rain in the District from the 1st to the 15th March 1866.	In parts of the District the crops are reported to be thriving, and in others they are withering for want of water. In some localities the crops are being harvested where they have come to maturity.	Prices are on the rise, large quantities of grain being purchased by merchants from Bellary, Cuddapah, and Kurnool Districts.	There is small-pox and cattle disease in some Talooks, and the former disease has been very virulent in the Kavali Talook. The want of pasturage and water is beginning to be felt.

Submitted for the information of Government.
