*Proceedings of the Madras Government, Revenue Department,
17th April 1866.*

No. 221. Read the following Proceedings of the Board of Revenue, dated 6th April 1866, No. 2,312 :—

Read the following letter from the Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 17th March 1866, No. 51.

1. With reference to the Extract from the Proceedings of the Board, under date the 22nd ultimo, No. 1,289, I have the honor to report that no special arrangements, either in connection with the settlement or other remedial measures, are called for in this District.

2. I beg to forward, as directed, copy of the Season Report for the fortnight ending 28th February, and which was published in the District Gazette of the 10th instant. Similar statements will be published fortnightly, and unless otherwise instructed, I presume that the publication of these Reports in the District Gazette will suffice.

SOUTH CANARA

Season Report, from 16th to 28th February 1866.

RAIN.—No rain has fallen during the fortnight. There was, however, a slight drizzle at Udupi on the 5th February. The season continues generally favorable.

STATE OF THE CROPS.—The Suggi, or second rice crop, has been harvested in all the Talooks, except Uppinangadi and Cundapur, where it has been partially reaped. The third rice crop is now being cultivated, but its cultivation has been much impeded by want of water.

PRICES.—The price of rice has risen greatly in all the Talooks, except Cassergode, where it has somewhat decreased.

PUBLIC HEALTH.—On the whole good. Fever, cholera, and small-pox exist in different parts of the District, but not to any great extent.

HEALTH OF CATTLE.—Cattle are reported to be suffering slightly in some localities.

SPECIAL OCCURRENCE.—In the Adimale Magane of the Cundapur Talook, bamboos are in flower, and are expected to seed shortly. This is said to take place only once in every sixty years.

MANGALORE,
