1. With reference to the Government Proceedings, dated 24th July 1865, No. 1,711, communicated with the Proceedings of the Board of Revenue of the 26th idem, I have the honor to submit herewith a Statement, shewing the extent of the Zemindary land to be occupied for public purposes, and of Government land to be given in exchange, together with their assessment.

According to which the rate of dry assessment is Rupees 2-4-0 an Acre, as entered in column 8 ; according to the rate at which the same land is rented out temporarily for cultivation for Fusly 1275, it is Rupees 6-6-2 an acre, as entered in column 10.

4. The Government land to be given in exchange, according to the former, is A. 13, C. 12, as specified in column 7, and according to the latter is A. 4, C. 62, as mentioned in column 11.

5. I beg that the Board will decide whether the Government land should be given in exchange according to the new Settlement rate, or according to the current Amarakam rate. I would advise its being given at the former rate.

ORDER THEREON, 18th April 1866, No. 893.

Miscellaneous.

The Government do not see why they should give land to the Zemindar at the settlement rates, in exchange for land valued at the higher Amarakum rates. All they have to do is to give him as much land as will produce the same sum as the land taken from him produces. Sanction is accordingly given for the transfer of 4.62 acres.
